COUNTY IS NEAR FIRST IN STATE

Only Five Small Ones Make December Settlement Before County Auditor From Here.

OFFICIALS HIT A BALANCE

Rush County Sends \$46,900 to the State Treasurer—Distribution to Townships Next.

Rush county made its December settlement with the state today, a check for \$46,900.16 being sent to the state treasurer. This county is the first large county in the state to complete the December settlement. Deputy Auditor Bales was in Indianapolis Wednesday and the auditor of state approved his settlement sheet. Mr. Bales made the settlement for this period in record time. But five counties had reported and these were all small ones, Mr. Bales being informed that Rush county was the first big county to complete the settlement.

With the state settlement out of the way the work of distributing the amounts to the townships will now go forward. The amount of taxes collected for the fall installment was \$252,593.80 and this is the sum that is to be distributed, including the large check sent to the state treasurer today. The county will receive back about \$10,000 of the forty thousand sent as this amount will be due from the school fund.

For the second successive time the treasurer's cash book and the amounts on the auditor's duplicate balance. This is considered no small feat when the large sum of money that was handled is taken into consideration.

The \$46,900.16 sent to the state today was divided among the different funds as follows: state tax, \$7,640.71; benevolent institution fund, \$10,619.60; state debt sinking fund, \$1,592.92; state school tax, \$15,072.94; state educational institution fund, \$7,433.73; vocational education tax, \$1,062.63; common school fund interest, \$2,842.38; benevolent endowment fund interest, \$197.25; docket fees circuit court, \$138.

It is expected that the settlement with the county townships and corporations will be completed by the middle of next week. The following are the funds and the amounts to be distributed: township tax, \$88,806.41; tuition tax, \$27,429.72; special school tax, \$35,383.22; road tax, \$180.98; township poor, \$3,042.53; corporation tax, \$15,667.68; library tax, \$1,632.21; water and light, \$647.32; school purposes, \$2,553.24; agriculture and domestic science, \$730.26; city bonds, \$1,902.19; school bonds, \$17,763.67; county tax, \$25,625.34; gravel road repairs, \$12,743.58; road bonds, \$50,618.53; flood bonds, \$4,141.96; court house bonds, \$2.26; preliminary expense gravel roads, \$17.

It is interesting to note that the sum to be paid for gravel road bonds amounts to about one-fifth of the entire amount collected in taxes. The sum of \$50,000 is to be paid for gravel road bonds, bringing the total for the year well over the hundred thousand mark. Next year, it is estimated that the county will pay a total of \$125,000 on gravel road bonds.

The court house bonds have all been paid off and the sum of \$2.26 remains in this fund to be distributed. After a fund is allowed to die it always requires one or two years to get all of the money out of the fund and this accounts for the small balance.

Miss Nellie Frame is ill at her home west of the city with tonsilitis.

LEAVES FOR WASHINGTON

Senator James E. Watson Takes Seat at Opening of Short Term.

Senator James E. Watson left today for Washington, D. C., to begin his duties as the senior senator from Indiana. He will be in Washington in time for the opening of the short term of congress on December 4—next Monday. Mrs. Watson and children will remain here until after Christmas and then join Mr. Watson in Washington.

CALL TOMORROW FOR THE TREATS

George B. Moore, Jr., Clerk-Elect, Closeted in His Office Today Making The Change.

NO COURT IN CONSEQUENCE

George B. Moore, Jr., the newly elected clerk of the Rush circuit court took his office this morning but the usual ceremony of passing out cigars and apples was dispensed with until tomorrow. The reason for this was because the office was closed all day in order that the books might be checked and the transfer made by Arie M. Taylor, the retiring clerk. Mr. Moore and his deputy, Charles Brooks were at the office all day getting acquainted with the work and assisting in the work of checking the books.

The office will be open tomorrow as usual. Many callers visited the office today, but found it closed. Mr. Moore's term of office dates from today. He is the first of the newly elected officers to take office. As a result of the clerk's office being closed there was no court today.

TWO FIRE SCARES CALL OUT FIREFMEN

Overheated Hot-Air Register is Cause of Alarm at Home of Mrs. Jane Kincaid.

STORE FILLS WITH SMOKE

The fire department was called to the home of Mrs. Jane Kincaid, 918 North Morgan street last night at seven o'clock where an overheated hot-air register in the bath room caused a fire scare. The register became so hot that the dust in the register caught fire and filled the house with smoke. No damage was done and the fire department was called by telephone.

About forty-five minutes before this the attention of the fire department was called to the Cox shoe store. The store was filled with smoke but no flames were seen. William Moffett investigated and found that the dampers on a coal stove were closed and the smoke was coming out into the room.

TO FORM DRY FEDERATION

State Leaders in Indianapolis Today to Launch Movement.

(By United Press) Indianapolis, Ind., Dec. 1.—Dry workers from all parts of Indiana met here this afternoon to form the Indiana Dry Federation. The object of the organization will be to conduct a campaign for the next legislature to pass a state-wide prohibition amendment.

It is expected that the campaign will be started at Indianapolis and will be spread throughout the state.

DEMURRAGE RISE SET FOR TODAY

Local Agents Expect Suspension of Order to Increase Charges on State Shipments.

IT IS NOT YET APPROVED

Interstate Commerce Commission, However, Raises Rates to Relieve the Car Shortage.

An increase in demurrage rates practically the same as one recently authorized by the railroads, as means to relieve the shortage of cars and thus, possibly, bring down the high price of coal, has been ordered by the interstate commerce commission at Washington today's dispatches say.

Eastern roads have also been instructed to move westward twenty per cent more box cars than they receive daily, which also is designed to do away with conditions that have caused cars to be so scarce. The new demurrage rates probably will be effective within a week. The commission ordered that the new charges be put in force within three days after each railroad files with the commission its formal schedule.

The new rate is to be in force until May 1. Washington dispatches say that it is a compromise between the proposed graduated schedule in the railroad tariffs decently suspended and the rates suggested by the shippers' interests, but does not say what the charge will be.

The present demurrage charge is a dollar a day after the first 48 hours for unloading. The new interstate commerce rate, which applies only to interstate shipments, allows the usual 48 hours for unloading and charges \$1 for the third day, \$2 for the fourth day, \$3 for the fifth day and \$5 for the sixth day and every day thereafter. The rule that charges shall be suspended on days when weather prevents unloading the so-called "average agreement," by which shippers are allowed credit who unload in less than two free days, are retained.

Railroad agents here today said they expected notification any time of the establishment of the new rate on interstate shipments, but what local agents were more interested in was the proposed increase in demurrage on state shipments. They had orders to put in effect an increase today on this class of shipments, but expected a suspension of it at any time because the state public service commission has never approved the increase.

ANOTHER GREEK CRISIS ON

Flat Refusal of Allies Disarmament Demands is the Cause.

(By United Press) London, Dec. 1.—Flat refusal of Greece to the disarmament demanded by the allies today brought about a crisis in the Greek situation.

Dispatches from the Greek capital said that the allies were preparing to land troops at Piraeus, the port of Athens.

In the meantime the Greek government is preparing for active resistance, having ousted French officers detailed in charge of postoffices and telegraph stations.

GREEK RESERVES CALLED

(By United Press) Athens, Dec. 1.—King Constantine today formally advised allied representatives that Greece had determined to refuse the surrender of arms demanded by the allies. The government today called to the colors all reserves belonging to the Athens army corps.

VILLA KILLING ALL THE CHINESE

Refugees From Chihuahua City Bring News That Leaves Little Hope For Americans.

MORE THAN 50 SLAUGHTERED

Residents of Juarez, Fearing Attack on That City, Flee Across Border for Protection.

By WEBB MILLER. (U. P. Staff Correspondent.) El Paso, Texas, Dec. 1.—On Thursday morning after his capture of Chihuahua City, Villa began slaughtering the Chinese residents of the city, four refugees from the Northern Mexican capital arriving here today said.

More than fifty Chinese had been killed when they escaped, they said. One Chinese refugee said that of one party of 27 of his countrymen, he was the only one to escape. Three other refugees were the only survivors of a party of thirty-five.

From these reports little hope is entertained for the six Americans known to be in Chihuahua City. Four days have passed since the evacuation by government troops and no information has reached the border of the fate of the foreigners in the city.

Shortly before daybreak today firing began about four miles south of Juarez. About fifty shots were heard but all efforts made to learn the cause were unavailing. Residents of Juarez believe the city has already been attacked by Villa and several families ran to the American side of the international bridge for protection.

Demoralized and without guns which had been thrown away in their flight from Chihuahua City several hundred more Carranzista survivors reached here today.

The Mexican government is making an effort today to gather together its badly scattered forces. A new army to retake the city is being massed at Juarez. The offensive against Villa will be started within two weeks, Mexican officials stated.

Long Time Resident of Orange Township Expires Today After Illness With Tuberculosis.

WIDOW AND THREE BROTHERS

James Hardwick, 61 years old, died at noon today at his home in Orange township, near Gowdy. Mr. Hardwick had been ill for a long time suffering from tuberculosis and his death had been expected. He had been a resident of Orange township for many years.

He is survived by his widow, three brothers and two half-sisters. The brothers are John Hardwick of this city, Eli Hardwick of near New Salem and George Hardwick of California. The two half-sisters are Mrs. Alfred Dillon and Mrs. Charles Willey of Orange township. The funeral arrangement have not been completed but the services will probably be conducted Sunday morning.

RECEIVE CONGRATULATIONS

(By United Press) Indianapolis, Ind., Dec. 1.—Congratulations poured into the state capital today for Otto L. Klauss, state auditor, and Ed Jackson, secretary of state, newly elected officials who assume office today. They are the first officials of the new state administration to take office.

3 RAILROAD MEN KILLED

Hammond, Ind., Dec. 1.—Three New York Central employees were instantly killed at Gibson, Ind., near here shortly after noon today. They were riding in an electric "speeder" when struck by a Michigan Central express train. The dead are: Oscar Johnson, roadmaster; Milton Wertz, carpenter foreman; George Toney.

MEMORIAL SERVICE SUNDAY

The Elks memorial service will be held Sunday afternoon at two o'clock at the lodge room. A program has been arranged and all members are urged to attend.

COMBINATION FATAL AGAIN

Measles and Pneumonia Cause Death of Frances McKinney, 20 Months.

Frances Elizabeth, the twenty-months-old daughter of Mr. and Mrs. James McKinney, died this morning at five o'clock at their home, 834 North Oliver street, following an illness from measles and pneumonia. She had been ill two weeks today. Besides the parents she is survived by three sisters and two brothers. The funeral services will be conducted Sunday afternoon at one o'clock at the residence by the Rev. John Aiken and burial will take place in East Hill cemetery.

GERMANY IS READY TO PAY INDEMNITY

Formal Reply to American Inquiry in Marina Sinking Offers Reparation if at Fault.

GUILT MAY BE ADMITTED

BY ROBERT J. BENDER. (By United Press.)

Washington, Dec. 1.—Germany stands ready to pay indemnity for American lives lost for the toppling of the steamer *Marina*, to offer an apology and to punish the submarine commander responsible if it develops that the German submarine's action was unjust.

This offer was given today in Germany's formal reply to American inquiries during a confidential conference between Secretary Lansing and Ambassador Bernstoff.

Germany's answer said her information about the incident was incomplete and the ambassador requested that this government give Germany any further facts.

Everything about the German reply and the Bernstoff pointed toward an admission of guilt later.

JAMES HARDWICK DIES NEAR GOWDY

Long Time Resident of Orange Township Expires Today After Illness With Tuberculosis.

WIDOW AND THREE BROTHERS

James Hardwick, 61 years old, died at noon today at his home in Orange township, near Gowdy. Mr. Hardwick had been ill for a long time suffering from tuberculosis and his death had been expected. He had been a resident of Orange township for many years.

He is survived by his widow, three brothers and two half-sisters. The brothers are John Hardwick of this city, Eli Hardwick of near New Salem and George Hardwick of California. The two half-sisters are Mrs. Alfred Dillon and Mrs. Charles Willey of Orange township. The funeral arrangement have not been completed but the services will probably be conducted Sunday morning.

RECEIVE CONGRATULATIONS

(By United Press) Indianapolis, Ind., Dec. 1.—Congratulations poured into the state capital today for Otto L. Klauss, state auditor, and Ed Jackson, secretary of state, newly elected officials who assume office today. They are the first officials of the new state administration to take office.

MEMORIAL SERVICE SUNDAY

The Elks memorial service will be held Sunday afternoon at two o'clock at the lodge room. A program has been arranged and all members are urged to attend.

ONE PER CENT IS DEFECTIVE

Special Committee Appointed by Governor Ralston Reaches This Conclusion in Report.

SURVEY IN TWO COUNTIES

Only Thirty-Five One-Hundredths of One Per Cent of Total Population Supported.

(By United Press)

Indianapolis, Ind., Dec. 1.—Recommending an extensive program for the care of Indiana's insane, epileptic and feeble minded, the special committee appointed by Governor Ralston to make a study of the mental defective problem in the state, today made his report.

The committee made a survey of two counties in the state and on results determined from this investigation, based conclusions and recommendations for the entire state.

The board reached the following conclusions:

At least one per cent of the general population is mentally defective.

Only 9,494 mental defectives, or thirty-five one-hundredths of one per cent of the total population are now on public support.

There are 1,300 epileptics needing institutional care, 1,000 in the community at large or in institutions not suited to their care and 305 in the Indiana village for epileptics.

The problem of the care of the insane in Indiana has been carefully worked out in the past fifty years until now 85 per cent of the insane are cared for in state institutions.

The actual problem of the care of the feeble minded is greatest as it appears that the state is caring for 1,350, or 20 per cent of the estimated number who need care.

Mental defectiveness is a large factor in the cause of crime, delinquency, pauperism, inefficiency and many other social ills.

Further study of the cause and prevention of mental defectiveness is imperative.

In view of these conclusions, the committee makes the following recommendations to solve the problem:

Additional provision for the care of women at the village for epileptics and enlargement of the village to 1,200 capacity and provision for larger medical facilities.

Indiana should provide at once for additional institutional accommodations for 1,000 patients now in need of hospital care. This should be done by providing psychopathic departments at each of the existing hospitals; by the erection of additional buildings and the purchase of land for farm colonies and the erection of inexpensive buildings thereon.

Detention wards should be established at general hospitals throughout the state for observation and detention pending commitment to state hospitals. No person suffering from a mental disease should be placed in jail.

A law providing for voluntary admission to state hospitals should be enacted.

The enlargement of the school for feeble minded at Ft. Wayne by the establishment of a colony in the southern part of the state on not less than 1,000 acres of land.

A law providing for commitment of patients to the school for feeble minded the same as to the village of epileptics.

There should be a mental as well as physical examination of school children and separate schools or separate rooms should be established, and that a law should be enacted providing for a commission with sufficient funds to study the entire mental defective problem in Indiana.

You Can Begin With The Largest Payment First and Decrease Your Payments Each Week

THE REASONS FOR THE CLUB

To provide a way for those of moderate and even small means to bank their money.

To teach "the saving habit" to those who have never learned it.

It makes your pennies, nickels and dimes, often foolishly spent grow into dollars; dollars grow into a fortune. Start your fortune today.

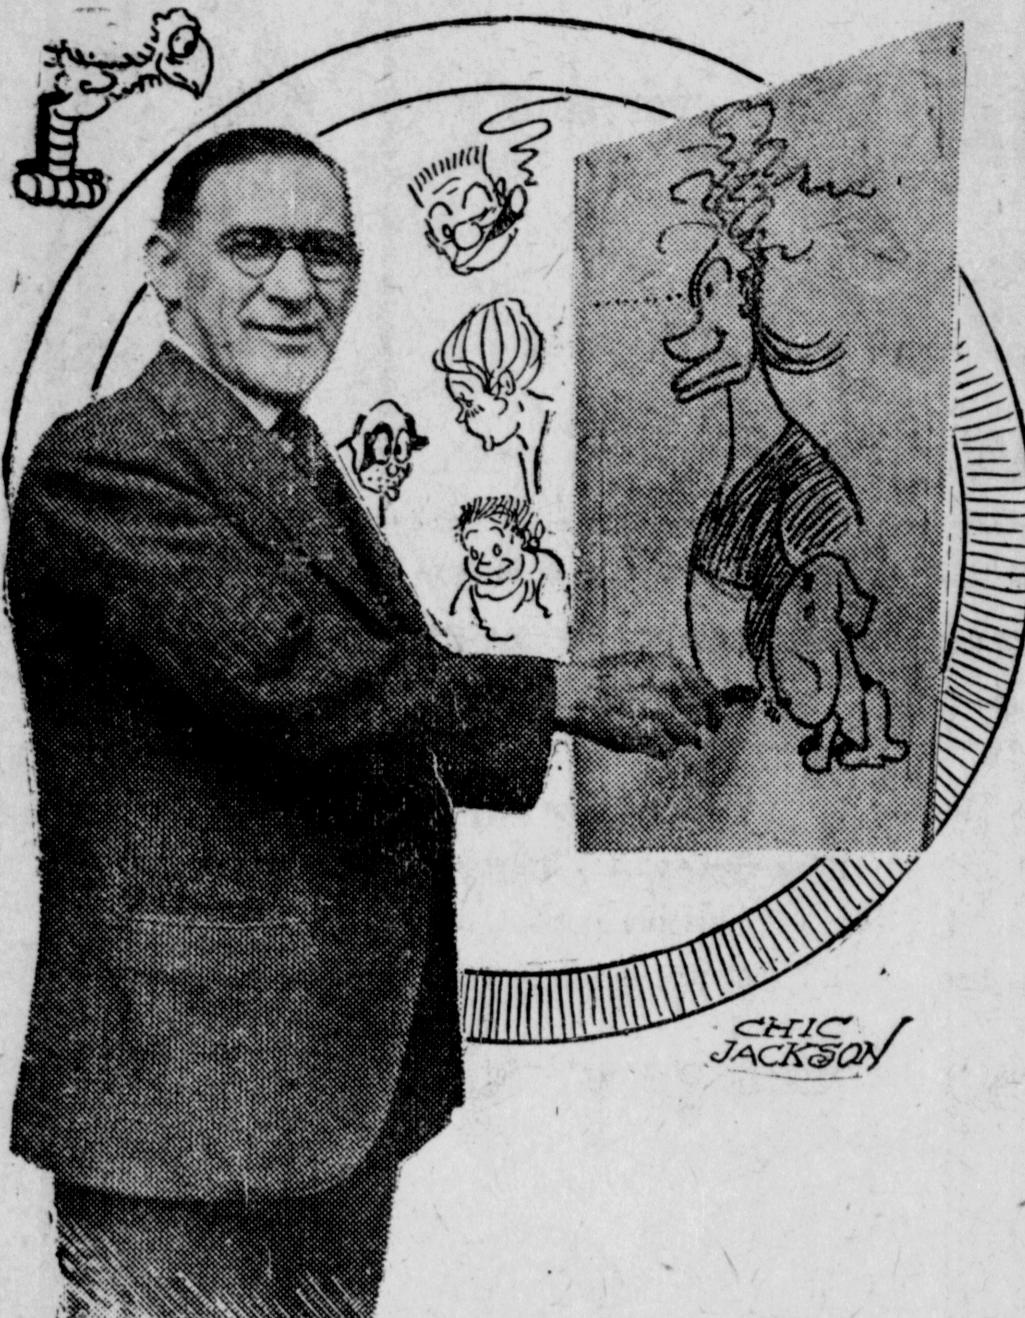

To give you a Bank connection and show you how our Bank can be of service to you.

The sensible thing for all parents to do is to join our Christmas Banking Club and also put every member of their family into it. This will teach them the value of money and how to bank and HAVE MONEY. Maybe this little start you give them now may some day set them up in business or buy them a home. How often have you wished that your parents had taught you early the value of banking your money. You would be well-off today. Don't make the same mistake with YOUR children.

WE PAY 3 PER CENT INTEREST IN OUR CHRISTMAS BANKING CLUB

Today and Tomorrow.

In every town and community there are two classes of young boys and possibly Rushville is no exception to the rule.

The gilded and pampered youth looks with disdain upon the boy who starts life in an humble capacity and picks up a few nickels by running errands and selling papers and polishing shoes.

Yet a few years hence the newsboy or bootblack may be the head of some great commercial enterprise, and the pampered youth may be filling a fifteen dollar a week clerkship in his employ.

The same may be said of young girls, and even of some who are not so young. Caste estranges the well-to-do from the poor and needy, and the cold shoulder is substituted for the helping hand.

Years hence, though, the needy girl may be the wife of one of the greatest men of the nation, while the girl of caste is still longing for most any kind of a man.

Too many of us preach democracy in public and practice autocracy in private life.

We tell others what to do and forget to do the same things ourselves.

We live wholly in today and forget that tomorrow will ever exist.

And for the follies of today we pay dearly in the years to come.

Honesty, integrity, perseverance—these are the real assets of life, more golden in their value than all of the caste distinctions in existence.

Young men and young women who make the most of their opportunities today never want for their heart's desires tomorrow.

Things to Worry About.

A Bartholomew county bee expert says that if you will be kind to bees they will not sting you.

The epidemic in the west of the foot and mouth disease may explain what was the matter on November 7.

The Muncie Press observes that many fellows get Christmas cheer mixed with Christmas beer.

President Wilson shouldn't have any trouble locating Villa now if he is still determined to "get" him.

HOW THIS MOTHER

Got Strength to do Her Work.

Fair Haven, Vt.—"I was so nervous and run down that I could not do my housework for my little family of three. I had doctored for nearly two years without help. One day I read about Vinol, and thanks to it, my health has been restored so I am doing all my housework once more. I am telling all my friends what Vinol has done for me."—Mrs. James H. Eddy.

We guarantee Vinol to create a healthy appetite, aids digestion and make pure blood. F. B. Johnson & Co., Druggists, Rushville, Ind., and at the leading drug stores in all Indiana towns.

A NATURAL PUZZLE

One of the Great Mysteries That Confound Science.

THE FORCE OF GRAVITATION.

This Wonderful Power That Keeps Suns and Planets In Their Courses May Be Waves in the Ether That Push All Bodies Toward Each Other.

The mystery of mysteries in science is the attraction of gravitation—that very force of nature that is the most familiar to us all. It seems strange that the most familiar thing in the world should be at the same time the most inexplicable, but so it is.

In order to see clearly wherein the mystery consists let us first consider what gravitation appears to be. It is gravitation that gives the property of weight to all bodies. If there were no gravitation we could float in the air. It is gravitation that brings a cannon ball eventually to the earth, no matter how swiftly it may be projected. The faster it starts the farther it will go, but during every second of its flight it drops the same distance vertically toward the earth, whether the speed imparted to it by the powder is 500 or 3,000 feet per second. Gravitation acts on a moving body exactly as well as on one at rest.

It is gravitation that curbs the motion of the moon and keeps it in an orbit of which the earth is the active focus.

So, too, it is gravitation that governs the earth in its motion around the sun, preventing it from flying away into boundless space. Astronomy shows that gravitation acts between all the planets and all the stars and controls their motions with respect to one another.

Now, this mysterious force appears to be an attraction as if there were elastic cords connecting all the bodies in space and tending to draw them together. But space, as far as our senses can detect, is empty. How, then, can there be an attraction? In order that a body may be attracted or drawn there must be something to draw it.

Gravitation does the trick, but completely hides from us the mechanism through which it acts. We can discover no mechanism at all.

When an unfortunate aeroplane drops from his machine he begins at once to fall toward the earth as if it were pulling him. But how can it pull if it has nothing to pull with? You may think at first sight that it is the air which acts as an intermediary, but that is not so, because the earth and the moon "pull" upon one another with a force equal to the strength of a steel cable 500 miles in diameter, but there is no air and no other tangible thing in the open space, 240,000 miles across, that gaps between the moon and the earth.

Then gravitation exerts the same force at every instant. No matter how fast the falling aeronaut may be descending at any moment, gravitation will keep on adding speed as if he had just started. Disregarding the slight retardation produced by the resistance of the air, he will fall sixteen feet in the first second, forty-eight feet in the second second, eighty feet in the third second, gaining thirty-two feet in his velocity during every second after the first. From a height of 10,000 feet he would fall in about twenty-five seconds and would strike with a velocity of 400 feet per second.

The same kind of calculation can be applied to the gravitation between the earth and the moon. If the moon were not in motion across the direction of the earth's "pull" it would fall to the earth in about 116 hours.

Now, to return to the mystery, how is this force exerted? Is it really a pull, as it seems to be? The answer to which science is tending is that, instead of being a pull, gravitation is a push—in other words, that the falling aeronaut is pushed toward the ground and the moon is pushed toward the earth.

On the face of it one might think that nothing was gained by this theory, because it seems as impossible that a push should be exerted without a tangible connection as a pull. But the clew is found in the supposed properties of that invisible, intangible, all pervading medium called the ether. This, to be sure, is explaining one mystery by another, for we know nothing about the ether except that it conveys the waves of light and electricity; but, at any rate, it affords a conceivable explanation of gravitation.—Garrett P. Serviss in New York Journal.

Japanese Festivals.

The Japanese festivals are easily remembered: First of first month, the new year; third of third month, feast of dolls, for girls; fifth of fifth month, feast of flags, for boys; seventh of seventh month, the day for the god and goddess of love, Tanabata; ninth of ninth month, the "escape of the mountains," the feast of chrysanthemums. The latter is not now generally observed.

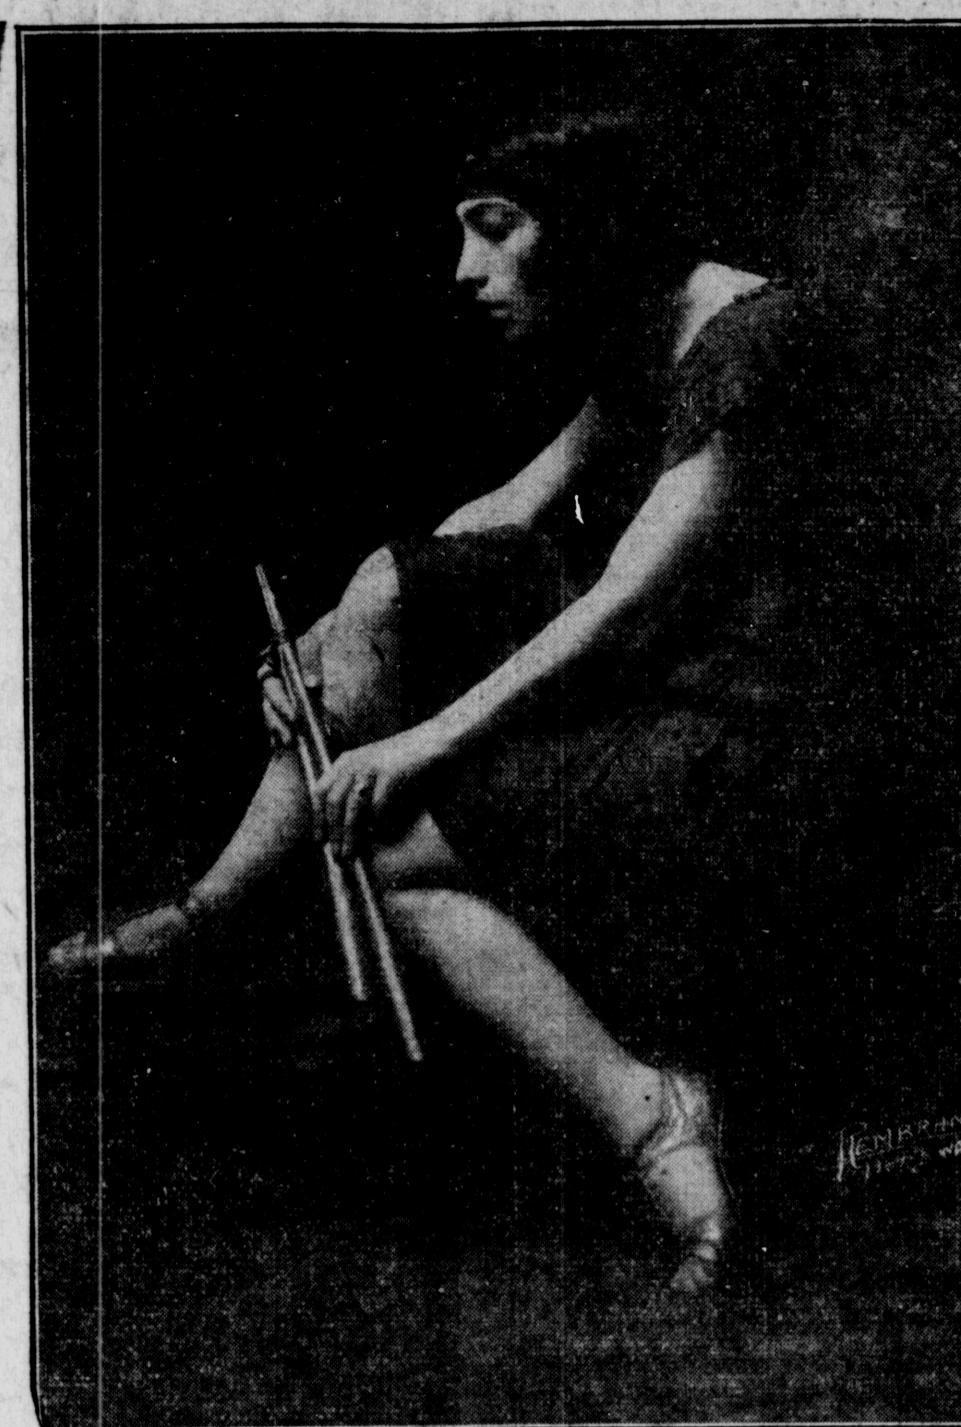

A Diplomatist.

"I am amazed, sir, that you should propose to my daughter. You have not known her a week."

"True, madam, but I have known you for some time, and everybody says your daughter takes after you." He got the girl.

A tactful man can pull a stinger from a bee without getting stung.—G. H. Lorimer.

EVERETT DAVIS

THE DRINKING OF WATER

(By M. C. Lucas, M. D.)

The general conclusions of the latest medical scientists prove that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has also been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Therefore if you want to keep healthy drink plenty of pure water (not ice water.) If you ever suffer from backache, lumbago, rheumatism or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anurie before meals. These Anurie tablets can be obtained at almost any drug store in this country.

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the

Born to the wife of Earl Moore this morning a baby daughter, weighing 8 pounds.

Will M McBride, former county treasurer, who has been ill for several months was removed to the sanitorium yesterday and will undergo an operation Saturday afternoon.

Mr. and Mrs. Richard Floyd entertained with a pitch-in-dinner last evening at their home in East Seventh street the following: Mr. and Mrs. Ray Williams, Mr. and Mrs. Frank Richardson, George Mitchell, Miss Daisy Williams, James Easley, Luther Ramey, Misses Nellie Morris and John Morris.

Baseball and the Marines.

Americans are latently the best bomb and grenade throwers in the world and are capable of waging wonderful trench warfare in case of hostilities, say United States marine corps officers. "The average American youth early learns to throw a baseball with speed and accuracy, and it is because of that we, as a nation, are especially fitted to wage the modern war of the trenches. Baseball is encouraged at all our stations, and the skill displayed by marines—even untrained recruits—in the bomb and grenade throwing practice is really remarkable," said a marine corps officer.

Ancient Preservation of the Dead. Herodotus gives a good description of the manner in which the early Ethiopians preserved their dead.

Having thoroughly dried the corpse, they plastered it over with a paste made of gypsum and then painted the face and exposed parts so as to make them look as natural as possible. Dead bodies served in this manner remained intact for hundreds of years.—London Globe.

Aptly Described.

"I have been courting her for two years," said the disconsolate one, "and I am certain that she will refuse me when I propose."

"Ah, that is interesting," said the amateur photographer—"a sort of undeveloped negative."—Pittsburgh Press.

Defined.

"Freddie," said the teacher, "can you tell me the meaning of the word 'desert'?"

"Sure I can," replied Freddie. "Desert is the stuff you get a little bit of for eating a whole lot of things you don't like."—St. Louis Post-Dispatch.

As the Years Go By.

The letterhead of a certain lawyer bears a legend that savors of sound philosophy. It runs, "I am anxious for business, but have passed the experimental age and am now demanding cash for my services."—Case and Comment.

Emotional Acting.

"You acted Juliet as if you were really suffering."

"I was. I played the part in a pair of very tight shoes."—Philadelphia Bulletin.

Depends.

"Is bolting a refining process, pa?" "That depends, my son, whether it is done in flour mills or at the table."—Baltimore American.

There's nothing half so good as laughing. Never sigh when you can sing.—W. Mackworth Praed.

Receipts and Suggestions That Are Helpful to The Housekeepers

SOCIETY

Mr. and Mrs. James Colvin entertained at dinner last evening when their guests were Mr. and Mrs. Elmer Westfall and Miss Bessie Bates.

Mr. and Mrs. Albert Robinson had as dinner guests last evening, Ralph Robinson of Indianapolis, and Mrs. Nina Lewis and Charles Schaeffer of this city.

Mr. and Mrs. Frank Cross entertained at their hospitable country home north of the city last evening with a six o'clock dinner for a number of friends and relatives. An elaborate dinner was served.

The Ladies Aid Society of the St. Paul's M. E. church will be entertained on Tuesday afternoon by Mrs. Ned Abercrombie at her home when she will be assisted in entertaining by Mrs. Albert Winship.

Mr. and Mrs. Buford Winship had as guests Thanksgiving, Mr. and Mrs. Jack Stonecipher, Mr. and

Mrs. Michael Mullins, the Misses Mayme and Sylvia Mullins, Miss Kathryn Ryan of Muncie and Ed Mullins of this city.

Mr. and Mrs. Robert Hiner entertained with a family dinner yesterday when their guests were Mr. and Mrs. Louis C. Hiner and Mr. and Mrs. Allen Hiner.

Ray Compton of Shelbyville entertained at dinner last evening Miss Frances McMahan, Miss Sylvia Lakin of this city and Ed Montgomery of Shelbyville. Following the dinner in Shelbyville, the young people attended the dance there.

Mr. and Mrs. John Benning entertained yesterday at a Thanksgiving dinner at their pretty country home when their guests were Mr. and Mrs. Earl Readle and family, Mr. and Mrs. Norman Crum and daughter, Mr. and Mrs. Charles Benning of south of the city, Mr. and Mrs. Roscoe Benning, Cliff Benning and Harry Fields of St. Paul.

YOUTH, STYLE AND COMFORT COMBINED IN WINTER COAT

Youth, plus style, plus comfort are combined in this model for a winter coat. The enveloping and graceful folds become the youthful wearer, and by its warmth and looseness, it is comfort itself. The soft roll collar of fur and the immense pockets which are apparent in garments of all kind this season, add an individual touch. Smart button shoes and a snug little hat complete the attractive figure.

Whether for a morning hike, an afternoon tea or matinee, or evening frolic, this coat answers the purpose. In most cases it will be noticed that these coats are lined with brocade soiree or heavy flowered satin.

ANITA STEWART SAYS—

(COPYRIGHT 1916-VITAGRAPH)

Assets of a Screen Star.

So many "star aspirants" have a most hazy idea of the qualities demanded in a screen player that I feel it is my duty to devote this little chat to "what's what on the screen."

Letters by the score come to my desk asking for aid in getting into the movies. The writers are generally girls who are considered talented or beautiful by their friends.

Naturally, a girl with beauty has a much easier time gaining admittance to the motion picture salary list and roster of fame than one with plain features. Nevertheless beauty alone will never get a person to the desired pinnacle. Nor do talent and beauty always win the day.

There is an indefinite something which is termed "screen personality" that is absolutely necessary. I

cannot define it for you. All I can do is ask if you have beheld some player upon the screen who, although talented and beautiful, did not appeal to you. Then again haven't you seen someone who was not so beautiful or clever with whom you fell in love immediately? The latter possessed an indefinable something—in other words, she had a personal magnetism that swayed you subtlety.

Then, too, a girl who is really most attractive in appearance in real life may photograph poorly on the screen. Perhaps her type of beauty may be too mild to reproduce under the bold scrutiny of the camera. Blondes in particular have a difficult time in registering to advantage on this screen unless their feature are decidedly characteristic, or unless their eyes are large, with the pupils of unusual proportions.

Miss Jean Richards, Miss Theresa and Miss Jennie Madden spent Thanksgiving with Mr. and Mrs. Fred Boxley.

Mr. and Mrs. John T. Leisure, Mr. and Mrs. Philip Satler, Mr. and Mrs. Bert Trowbridge and daughter, were the guests Sunday of Lewis Reddick and family.

Mrs. Mary J. O'Neil had as dinner guests yesterday at a Thanksgiving dinner, Mrs. Ed Linville of Cincinnati, Mr. and Mrs. Clyde Linville of Clarksburg, Mr. and Mrs. Frank Rogers and family of this city, and James Bohannon of Sexton.

Mr. and Mrs. J. H. Stevens gave a Thanksgiving dinner yesterday when they entertained Mr. and Mrs. Leo Thompson of Connerville, Mr. and Mrs. Jesse Carpenter, and Mr. and Mrs. Wilbur Stevens and daughter Kathryn Maude, of this city.

Eight girl friends were the guests of Miss Kathryn Guffin last evening when she gave a slumber party at her home in North Harrison street. A theatre party preceded the slumber party and this morning a prettily appointed breakfast was served to the guests.

Mrs. Carter entertained with a family dinner at her home yesterday when her guests were Charles Carter of Anderson, Mr. and Mrs. Lot Carter, Mr. and Mrs. Harry Wyatt and son, George C., Mrs. Coombs and son, Eugene, of Glenwood, Will Carter and Virginia Carter.

A pitch-in Thanksgiving dinner was held at the home of Mrs. Jane Kincaid in North Morgan street yesterday when the guests included Mrs. Susan McColgin, William Sexton, Miss Susan Lewis, Miss Celia Metzler, Mr. and Mrs. Claude Campbell, Miss Florence Conner of Muncie and Mrs. Quirk of Indianapolis.

At the home of Mr. and Mrs. Louis Lambert, a number of friends had a pitch-in dinner last evening in celebration of the day. The members of the congenial company included Mr. and Mrs. John A. Titsworth, Mr. and Mrs. Orville Zimmer, Prof. and Mrs. S. F. Stewart, Mr. and Mrs. Harry McMillin and Mr. and Mrs. G. P. McCarty.

Mr. and Mrs. A. P. Hinchman entertained at their home in North Main street yesterday with a turkey Thanksgiving dinner. With a lively bouquet of Ophelia roses the table was embellished and the other appointments were carried out in suggestions of gold. The elegant dinner was served to Mrs. Fred Hoffman, Mrs. S. M. Griffith, Mrs. John Koehler, Miss Mary Geraldine Koehler, Mr. and Mrs. L. C. Hinchman, all of Indianapolis, Wallace Robertson of Madison, Miss Margaret Hinchman of Chicago, and Miss Leona Hinchman and Mrs. May May of this city.

The Tri Kappa Charity dance given last evening was a success both socially and financially. The fifty couples attending entered quickly into the informality of the party, for which lively music was played by Sherman's three piece orchestra of this city. Gayety reigned throughout the evening for the dancers. The members of the sorority cleared \$28 which will go toward the Christmas fund. Among the dancers there were a number of returned college students and out-of-town visitors. Among the latter were the Misses Clarabelle and Ethel Moore, Mr. and Mrs. Lashall of Indianapolis, Paul Guffin of Gary, Earl Porter of Shelbyville, the Misses Dorothy and Josephine Jackson of Anderson, Frank and Hal Stewart of Connerville, the Misses Kathryn Hancock and Ada Cordes of Seymour, Miss Harriet Clark of Garrett, and Luella Smith of Indiana, Chase Casady of Indianapolis, Mr. and Mrs. Cyrus Green of Manilla, Horace Waggoner of Shelbyville, Miss Florence Jackson of Anderson, and Lewis Frazer of Montana.

At their spacious home west of the city, Mr. and Mrs. Will A. Alexander entertained with a Thanksgiving dinner yesterday. A bountiful duck dinner was served and the guests included, Mr. and Mrs. William Alexander Sr., Miss Laura and Miss Nannie Alexander, Mr. and Mrs. George Thomas, Mrs. Lenore Blackridge and sons, William and Laurence, and Philip Brown of Indianapolis. Philip Brown, the son of Mr. and Mrs. Demarehus Brown, remained for a visit of several days with William Blackridge.

The Mauzy Co.

Monday, December 4

Mr. L. D. Holland of The Annis Fur Co., will be at this store all day Monday, December 4th, and if you are needing anything in furs it will be a splendid time to make your purchase.

Any furs you may select will be delivered to you at once.

The Mauzy Co.

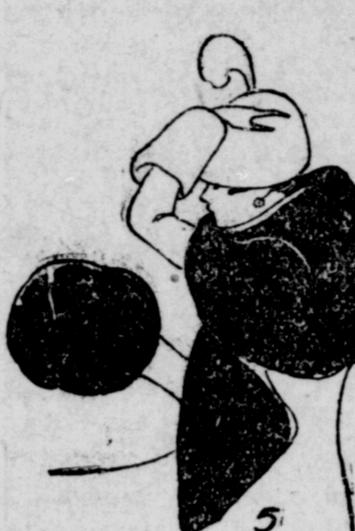

Monday, December 4

Mr. Holland will have with him several trunks of fur coats, muffs, scarfs and sets. All the wanted furs are represented. The Annis label is the same as the sterling stamp on silver.

You have the privilege of taking home the furs you choose.

FUR OPENING

Monday, December 4

Anyone anticipating giving Furs for Christmas should grasp this opportunity. Annis furs have no peer—in style, fabric and moderateness of price they are unexcelled. Come Monday.

The Mauzy Co

Mrs. Alice Leisure entertained Mrs. Jane Leisure, Mrs. Alice Gardner, and Leland Gardner at Thanksgiving dinner yesterday.

Mr. and Mrs. Manford Stevens had as their guests at Thanksgiving dinner Mr. and Mrs. Jabez Winship and Mr. and Mrs. Will Meredith.

The regular meeting of the Dunning Music Study was held at the home of Mrs. Will Meredith Wednesday evening. Margaret Herkless was leader.

Mr. and Mrs. Floyd Reddick and children, Laeile, Ruth, Gladys, and Roy, and Mr. and Mrs. Date Stewart were guests of Mrs. Alice Leisure and family Sunday.

Mr. and Mrs. Francis Moor entertained at dinner yesterday at their home in North Main street when their guests were Mr. and Mrs. Alvan Moor and Mr. and Mrs. T. W. Lytle.

Mr. and Mrs. John A. Jones had a Thanksgiving dinner yesterday when their guests were Mr. and Mrs. W. A. Caldwell, Miss Helen Caldwell, Mrs. Fannie Harrison, and Mr. and Mrs. Orval Herkless and Mr. and Mrs. Fred Caldwell.

Mr. and Mrs. Charles Osman entertained with a Thanksgiving dinner yesterday at their home in West First street the following guests: Mr. and Mrs. J. M. Higgins and family, Mr. and Mrs. Harve Cowing and family and Mrs. A. H. England and daughter, Miss Ruth, of Newcastle.

Mrs. Lou Caldwell entertained the following guests at dinner yesterday, Mrs. Annie Moses, Mrs. Elizabeth Christie, Mr. and Mrs. Doll Green, Hardy Green, Mr. and Mrs. Norm Norris, Mr. and Mrs. Barton Caldwell and daughter, Mary Lou, and Miss Laura Caldwell.

At their spacious home west of the city, Mr. and Mrs. Will A. Alexander entertained with a Thanksgiving dinner yesterday. A bountiful duck dinner was served and the guests included, Mr. and Mrs. William Alexander Sr., Miss Laura and Miss Nannie Alexander, Mr. and Mrs. George Thomas, Mrs. Lenore Blackridge and sons, William and Laurence, and Philip Brown of Indianapolis.

Philip Brown, the son of Mr. and Mrs. Demarehus Brown, remained for a visit of several days with William Blackridge.

Household Hints

Now that winter is here and we are eating more meat, relishes taste particularly good. Several good appetizers follow.

Cucumber Ketchup—Pare very thin six large cucumbers, grate or chop fine; add sauteed tablespoonful salt and let drain in a colander about an hour. Add two small onions, one large one chopped fine, a teaspoonful of white pepper and a pint of vinegar; stir all the ingredients together well and seal the ketchup in bottles or jars. Let it stand at least a month before using it.

Cold Chilla Sance—A crate of ripe tomatoes, six onions, two green peppers, two bunches of celery and two large roots of horseradish. Chop the tomatoes, onions, peppers and celery and drain in thin muslin bag overnight. The next morning boil and can the juice for soup. Put the chopped ingredients into a stone jar, add the horseradish roots grated, one-half a cupful of black and white mustard seed mixed, a cupful of sugar, one-half cupful of salt, a tablespoonful of cinnamon and a quart of vinegar. Mix well and keep cold.

Quite different was the last program of the Culture Club of Columbus when the members heard a paper on "Early Dynasties" and another on "Manners and Customs." Responses to the roll call were given by naming an ancient city.

What the Women's Clubs Are Doing

Perhaps no town of its size has more worthwhile and interesting clubs than Rushville. For this reason the "doings" of the club women in the surrounding places are of interest as a matter of news and from a comparative standpoint.

Good programs have featured the meetings of the Evening Civic Circle of Greensburg. At their last gathering, they discussed the "Centennial." The subject was divided into four parts: "Indiana's March Forward;" "Citizenship, Then and Now;" "Progress, since Indiana was Admitted as a State;" and "Woman's part in the Growth of Indiana."

"Ida Tarbell and Her Work" were discussed at the last meeting of the Progressive Literary Club of Richmond, when the members heard, too, a talk by one of their members on her experience in South America during her recent trip there.

The Federation of Women's Clubs of Richmond are directing a centennial ball to be given there soon, the proceeds from which are to go toward some philanthropic work.

"Schubert" was the subject for the Matinee Musical program at Kokomo this week, when a sketch of his life was read and compositions by him played and sung.

Women Give Out

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Joseph S. Endicott, 125 South Harrison street, Rushville, says: "Sometimes I overdo at my housework and take cold and it is at just such occasions as this, that I have trouble with my back. Once the doctor pronounced it an attack of lumbago. My back became so lame that I was miserable and everything in the way of work wore me out. When stooping, sharp catches seized me across the small of my back. Doan's Kidney Pills, which I got at Lyle's Drug Store never failed to cure me of these spells."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott uses. Foster-Milburn Co., Props, Buffalo, N. Y. (Adv.)

CUB BOSS STOOD UP FOR TINKER

Charles Weegham Prevented Jack Hendricks From Landing Job With Chicago.

TRUE STORY BROUGHT OUT

Directors Favor Change But Things Went Different When Weegham Threatened.

BY HAMILTON.

U. P. Staff Correspondent
New York, Dec. 1.—Chicagoans came close, mighty close to having the energies of their two major league clubs directed by men from the minors without previous major league managerial or playing experience.

It was Charlie Weegham, boss of the Cub's who saved the day. His firm stand against the wishes of some of the other directors prevented the appointment of Jack Hendricks to Tinker's job last month.

Clarence "Pants" Rowland, manager of the White Sox was formerly a luminary of the Three I League and jumped to the Sox management without serving a player's apprenticeship in topnotch company. When Hendricks was in New York a short time ago he told the United Press that he had been offered the helm job by several directors of the National Leaguers, but was unable to take it because Weegham had declared that if Tinker left the Cubs he would leave too. Weegham, according to Hendricks, was considerably strong for Tinker, due to the fact that the latter's leap to the Feds contributed more than any one agency to putting the erstwhile outlaws on their feet. Consequently, Weegham says, Tinker will have that job as long as he is president of the Cubs.

Inasmuch as Weegham owns a preponderance of the stock and generally does about as he pleases, there is little likelihood right now that an alien voice will command the Cubs next spring. The directors are said to be still mighty strong for a change of affairs and an effort recently was made to get Jimmy Callahan. When that fell through some of the directors went after Hendricks.

Hendricks has been remarkably successful in the minors. He has been with James C. McGill, owner of the Indianapolis club, for a number of years, first getting away in mighty fine style as helmsman for the Denver league club, where he won three pennants. When McGill purchased the Indianapolis club Hendricks went along.

McGill always has contended that Hendricks is a major league manager and has been eager for Jack to land that kind of a job. When he heard that the Cubs were trying to take Hendricks away he made every effort to help Jack put the deal over.

Recent happenings, however, indicate that Hendricks is stuck in the minors for at least one more year.

OPEN GAME IS MAKING STARS

Small Men of the Game Come to Front Rapidly as Result of New Style Play

EDDIE CASEY IS EXAMPLE

Fans Now Like The New Game—It Helps the Weaker Teams and Balances Teams.

(By United Press.)

New York, Dec. 1.—Just as brilliant as some of their most famous predecessors, with records that show even more for a season's performance, and with whole bones and necks, several of our country's best young men are basking in the calcium glimmer of football's most powerful searchlights. And, for the most part, they owe their prominence to the fact that modern football, involving open formations and fast forward passing, has made it possible for the small man to match his prowess with that of the slow-moving but powerful behemoth so essential in the old style of play.

Just one instance of this sort of glory is apparent in the work of Eddie Casey, Harvard's brilliant young backfield general. He is a slight man, yet he is able to drive through trained forward center rush lines or skirt ends with the best of the heavy line smasher. His lack of weight is but little handicap because the open formations make it possible for him to push his wriggling, twisting body through the holes opened for him by the interference.

Every slight football player may not be a Casey. More often than not works the other way, but—if Casey were playing the old-style game he would not be a star because his poundage handicap would not let him. He would be unequal to the task of withstanding the crushing pounds that would be flung at him in heavy mass plays.

Elmer Oliphant is another player who has been helped to prominence by the new rules. Persons who never saw Oliphant have a football through the air cannot understand how remarkable is the accuracy and force of his passing. Most of his great efforts this year would have gone for naught had it not been possible for him to engineer big gains by the use of the aerial movement. He is a heavy line plunger and a fast running, heady back. But he has failed at times just the same as the others. His forward passing, helped by the great work of Vidal, however, has pulled the Army over many a rough spot in the road.

Elmer Oliphant is another player who has been helped to prominence by the new rules. Persons who never saw Oliphant have a football through the air cannot understand how remarkable is the accuracy and force of his passing. Most of his great efforts this year would have gone for naught had it not been possible for him to engineer big gains by the use of the aerial movement. He is a heavy line plunger and a fast running, heady back. But he has failed at times just the same as the others. His forward passing, helped by the great work of Vidal, however, has pulled the Army over many a rough spot in the road.

INDIANA TREES FREE FROM RUST

State Officials Say White Pine Blister Rust is Not Prevalent in the State.

OTHER STATES HARD HIT

(By United Press.)

Indianapolis, Dec. 1.—Indiana trees are entirely free from white pine blister rust, a disease which is attacking trees of nearly every other state, according to state officials. Other states are spending thousands of dollars in trying to eradicate the disease while Indiana can sit back and watch the first.

Great credit has been given Frank N. Wallace, state entomologist, who succeeded in keeping the disease out of the state. The only time that the rust ever threatened to get a hold in Indiana was eight years ago. It appeared in only one place but prompt action was taken by the entomologist's department and it was stamped out.

Shelbyville, Ind., Dec. 1.—Celebrating their fiftieth wedding anniversary, Mr. and Mrs. John Bright again went through the wedding ceremony with Squire Pleak who performed the ceremony a half century ago, again officiating.

Turpo is good for many things besides loosening coughs and breaking colds. Try it for headaches, neuralgia, pains and lameness. The turpentine penetrates. The menthol and camphor cool and soothe.

Try it also for cuts, burns, bruises, sprains and sores. Turpo is good for so many things that the prudent housewife keeps it always on hand. 25c, 50c, \$1.00 at your druggist's.

GIFTS FOR FRENCH SOLDIERS

(By United Press.)

New York, Dec. 1.—Christmas cheer for the French soldiers who "somewhere in France," are helping hold the long cold fighting line, will be gathered tonight at the ball "La Paquet du Soldat" at the Waldorf-Astoria. Mrs. Eugene Maloubier, president of the society, has received a list of soldiers who are without friends to send them Christmas gifts. These will be the first to receive gifts from the society. Tobacco and cigarettes will form a fair share of the consignment. Proceeds of the ball go to the gift fund.

ADmits VALUE EXPORT TRADE

Dr. E. E. Pratt of Department of Commerce Makes a Statement Out at Omaha, Neb.

WHAT DIFFERENCE IT MAKES

It Represents What Stands Between Prosperity and Stagnation—Admitted Late in the Day.

Washington, Dec. 1.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington headquarters:

"No more important economic truth was ever uttered than the statement made on November 21 at Omaha by Dr. E. E. Pratt, of the Department of Commerce, when he said that 'out here in the grain country you know now what export trade can do for prices,' and that, through our foreign trade is only 5 to 10 per cent of our total business, yet 'it is a mighty important part and often means the difference between prosperity and stagnation.'

"It is a belated admission of what the Republicans have contended for months—that our present prosperity is based upon our war-order exports, and that without that export trade we would be in the same depression that existed before the war began.

"Our exports trade certainly means the difference between prosperity and stagnation. In the ten months the present Democratic tariff law was in effect before the war began our exports balance was \$261,000,000 less than for the corresponding 10 months in the year previous. In that 10 months of free trade we were in a period of stagnation as compared with ten months of prosperity in the year before.

"Not only in the grain country, but all over the country, we now know what export trade can do for prices. We know what it can do for employment and for wages. But all through the recent political campaign the Department of Commerce belittled our war order business and the Democratic campaign managers claimed credit to the Democratic administration for the present prosperity.

"Pitiless publicity that waits upon partisan politics is pernicious."

VILLA DISPLAYS MILITARY GENIUS

Worked Trick That Placed His Own Men as Guards of Town and Made Entrance Easy.

MAKES GOOD USE OF CATTLE

(By United Press.) Ciudad Juarez, Mex., Dec. 1.—Another instance of the uncanny military genius and trickery of Villa that has gained for him the name "the fox of the Sierras" is being told here today by refugees from the south.

On the night of his attack upon Chihuahua he utilized a bold trick to enable his men to enter the city undetected. Learning through spies that thousands of reinforcements had arrived from Monterrey and had been put upon guard duty, he evolved this stratagem. When he arrived in the outskirts he sent forward small details of his own men with instructions to relieve the Carranzistas on outpost duty. They marched up gave his password and an officer informed the guard he had been detailed to relieve them. Deluded into the belief newcomers were members of the garrison, the outposts marched away, leaving Villa's own men to "guard" the town.

It was Villa who first put into practice the idea of driving herds of cattle over ground believed to be planted with mines. Since it has been picked up by commanders in the European war. He also used herds of cattle as living barricades when attacking entrenched positions. His men would drive hundreds of cattle up before the trenches using them as cover.

CEREMONY WILL BE VERY SIMPLE

Lovers of Pomp and Show Will be Disappointed at Inauguration of Goodrich.

EVEN SPEECH IS TO BE SHORT

Likely That he Will Revive Custom of Having a Military Staff—Members Get No Pay.

(By United Press.)

Indianapolis, Ind., Dec. 1.—Lovers of pomp and show in traditional ceremonies in the Hoosier capital will be disappointed when Gov.-elect Goodrich takes office as chief executive according to indications.

The governor-elect first upset precedent and tradition when he announced that he would not live in the executive mansion, provided at a great deal of cost and work. He and Mrs. Goodrich spent several days in search for a house of their own.

That the inaugural ceremonies will be as simple as it is possible to make them is certain. Goodrich will not deliver a long formal address but will make a short five minute talk, outlining, in a very general way, some of the things which he hopes to accomplish. Later he will go into his plans in great detail in his message to the state legislature.

One thing the newly elected governor may do and that is appoint a military staff. Indiana's executives have not had a staff since Governor Durbin was in office. The members of such a staff would serve without pay and would not have many duties except to parade on public occasions.

Many of Goodrich's friends have asked him to form such a staff and he has indicated that he will.

KICKED ON PRICE.

Terre Haute, Ind., Dec. 1.—James Horning, is of the opinion that 20 cents is entirely too much money to pay for an oyster stew. When a waiter tried to charge him that amount a fight started which resulted in the waiter being hauled before the judge on a charge of assault and battery.

THE RUSH COUNTY FARMERS

Live Stock Insurance Company

To be run on same plan as the Rush County Farmers Fire Insurance Company, losses pro-rated and assessment made.

Insure your horses, mules, cattle against death from any cause except fire and lightning.

It will be solely a company of you Rush county farmers run exclusively by and organized by you on day of organization as everything proposed that day must meet with your approval by a majority before it can become part of the by-laws.

It will come as near being insurance at cost as it is possible to make it, as you will only pay for the actual loss plus the light expense of running the business affairs of the company.

Why can't this organization be just as much of a success as the Farmers Fire, the different telephone exchanges throughout the county?

In fact, there never has been a co-operative organization of the Rush county farmers but what has made a success and there is a reason—they are on the square.

You will note that application membership blank coupon is brief and the reason is that we are merely suggesting to you and soliciting your membership, because on February 1st, 1917, the day of organization you have a voice as to all the details of the by-laws and rules under which the company shall be run.

You will note in application for membership coupon the charter membership fee is \$3.00. It will no doubt be \$5.00 after the company is organized same as Rush county Fire Insurance Company fee, so get in as charter, and in

years to come you can say I am a charter member.

Clip out application for membership coupon and mail to L. R. Webb, Rushville, R. R. 3 and he will immediately notify you that your membership has been accepted. We already have quite a big membership subscribed and hope you will lend a helping hand in making this one of the big organizations of Rush county.

L. R. WEBB,
CLEN MILLER,
Organizers.

In filling in blank for the amount of insurance desired for first year will say the average farmer is taking about \$500.00.

Application for Membership

I hereby apply for charter membership in the Rush County Farmers Live Stock Insurance Company of Rush County, Indiana, for which I agree to pay on or before Thursday, February 1, 1917, the sum of \$3.00 to Cren Miller, at which time he agrees to organize the Rush County Farmers Live Stock Insurance Company, which sum shall be used by him to pay the costs of incorporating and organizing said company.

Nothing to be insured but horses and cattle. Anything insured in other companies, the loss shall be pro-rated between this and other or others. To be run on same plan as Rush County Farmers Fire Insurance Company. Losses pro-rated and assessment made.

It is agreed that a meeting shall be held on said first day of February, 1917, at which time said charter members shall organize by the election of officers for the ensuing year, and adopt by-laws.

I further agree to carry \$ _____ insurance in said company for the first year after its organization.

MANY INTELLIGENT YET ARE STARVING.

BY DR. SAMUEL G. DIXON.

Pennsylvania Health Commissioner.

We have many among us who believe themselves intelligent, and yet are starving to death.

The human body represents the most complicated piece of machinery known to man. To maintain it we must supply it with albumin found in meats, beans and some of the other vegetables. It must have starch or sugar found in bread, potatoes and sweets. We must have fats also, found in meats, nuts and so on, and of course, pre-eminently in butter and good milk.

The body also demands certain salts such as are found in many of the vegetables if they are not robbed of them by being soaked in water before or during the process of soaking.

These constituents parts of the diet must be intelligently proportioned.

We must urge our educators to teach children of understandable age the scheme of selecting a rational combination of foodstuffs.

At present we want all-around family physicians whom mothers can consult as to how to feed their flock including the grown-ups of the household as well as the small children.

Garrett—Dr. J. A. Clevenger mayor of Garrett, has purchased \$50 worth of anti-toxin from the Rockefeller Institute to be used in fighting the diphtheria epidemic. The anti-toxin will be sold to poor people at cost.

Vincennes, Ind., Dec. 1.—Thomas Clapp, a farmer, sold a turkey gobbler for \$8.66. The turkey weighed 38½ pounds and brought 22½ cents a pound.

TRY THIS TO BANISH • ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma.

Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears.

It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear.

If you want relief, swift, gratifying relief, get a 50-cent bottle of Rheuma from any druggist, and take one-half teaspoonful once a day.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

GOOD HEALTH LARGELY.
MATTER OF WHAT GOES
INTO YOUR SOMACH.

"After all," says a bulletin from the State Board of health, "good health is largely a matter of what goes into the stomach, for it is truly said a man is what he eats, how much he eats and how he eats it. If a person eats heavily of rich, greasy concentrated foods, such as fried meats, hard fried eggs, rich pastries, soggy or undergone breads, he will soon find himself seeking a relief from headaches, sluggishness, constipation and biliousness, and the patent medicine route out will be the way he will likely choose. Pills, purgatives and most any patent medicines will find a hearty welcome false friend to persons who so poison themselves. The trouble arising from eating food of this kind is that it ferments in the stomach, becomes poisonous and creates a condition which calls for a stronger poison in the form of medicine to throw off the food poison. The patient medicine habit is acquired and digestive organs of the stomach are wrecked and no longer perform their natural functions, and thus it is medicines become false friends.

"On the other hand, whoever drinks freely of pure water and eats freely of fruits, vegetables, milk, butter, salads, cereals and nuts—foods prepared by nature for man—not only avoids digestive troubles but he is spared the evil effects of food poisons, such as rheumatism, headaches, sluggishness, and biliousness. He also escapes the patent medicine folly. He eats according to nature's demand and needs, and no medicine is required as an after dose."

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

"HYGENO" Steel Carpet Sweepers, Worth \$3.00, each

Saturday
Morning
Dec. 2
AT 9
O'CLOCK

98c

A Splendid Christmas Gift

You will be sure to admit that this is a wonderful bargain. You will wonder how it is possible to secure such splendid sweepers to sell at such a low price. It is merely another demonstration to give our patrons the advantage of every special purchase we make, having secured 100 of these sweepers from one of the largest manufacturers in the country at an exceedingly low price as a big special sale feature offering, \$3.00 won't buy a better sweeper. Made of steel; light in weight, but very strong—a sanitary sweeper which harbors no germs. Far superior in every way to the old fashioned wooden sweeper with its germ collecting attributes. The HYGENO sweepers are handsome, having beautiful mahogany baked enamel finish and nickel trimmings.

DON'T FAIL TO SEE THEM ON DISPLAY IN OUR WINDOW.

THE MAUZY CO.

HOOSIER BRIEFS.

Warsaw—Club women of this city have formed a federation of Women's Clubs.

Columbia City.—Two cows drinking from a creek near this city sank into quicksand and were drowned.

South Bend—With the public schools as the agent, the Manufacturers bureau of the Chamber of Commerce has inaugurated a plan to Americanize foreigners by sending them to night schools.

Evansville—Women outnumber the men eight to one in the gymnasium classes held at the High School here. The meetings are held at night and the women show more interest in the work than do the men.

Washington—As a step forward in providing better working conditions for the men, the Baltimore and Ohio railroad has started a system of establishing gymnasiums for its employees and it is probable that one will be established here. Also the employees will have a chance to demonstrate their ability in a contest in which the men will tell the best methods of prevention of accidents.

Crawfordsville—Whether a streak down a person's spine is indicative of negro descent will be decided by Judge West, when he hands down a decision in the divorce case of Austin Wert against his wife. Wert declares that his wife has a streak down her spine, showing that she is of negro blood. He asks a divorce on the ground that he married her not knowing of her ancestry.

Huntington—Should an individual agreement stating that they should not ask for higher wages within a year be presented to the employees of the Chicago and Erie railroad they would not sign it, in the opinion of leaders of the employees. The request for such an agreement originated in the office of President Underwood and some of the men have refused to sign it.

Hartford City—Clarence Bowser, rural mail carrier, owns a rooster whose habits resemble those of a houn' dawg inasmuch as the rooster "trees" a rabbit near the house ev-

ery few days. Mr. Bowser first discovered the rooster strutting along a fence and upon a search for the cause he found a rabbit caught under the pailings. Several times since then, the rooster has gone through the same performance and every time the rabbit was captured.

Vincennes—James Chastan called the police to have his wife arrested but was locked up himself on a charge of assault and battery.

Columbus—Ginseng business has been demoralized by civilization of the Chinese, declares John Vorwald, dealer in Ginseng. He says the Chinese no longer use the plant to keep away evil spirits.

Kendallville—Kendallville will soon have a sanitarium for tuberculars, if the plans of residents of this city are carried out.

Elwood—Joseph Jarrel, who died here from heart trouble, was said to be one of the heaviest men in this part of Indiana. He weighed 450 pounds.

was received from Lisbon, Portugal by the firm that a ship carrying an Anderson manufactured automobile, was sent to the bottom by a German submarine.

Shelbyville—Six persons, whose ages total 456 years, met here at the reunion of the high school class. The average age was 75 years.

Have a Clear Complexion and Clean Skin

There is one sure, safe way to avoid a blotchy, pimply skin. A good or bad complexion comes from within. If you want a clear complexion, a clean skin—rosy cheeks and good health, your blood must be pure and the poisonous matter must be carried off.

Dr. Edwards' Olive Tablets assist nature to remove all poisonous waste matter in the system. They act on the liver and bowels like calomel yet have no dangerous after-effects. They are reliable—safe and cannot harm—use by women folks everywhere.

Constipation is nearly always the cause of all ailments of women. The intestines must be made to do their work as nature intended—in a normal way.

Have color in your cheeks. Take one or two tablets nightly and note the pleasing results. All druggists—10c and 25c.

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhœa, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis.

And They Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients in dentifrices." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know, why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhœa and decay.

• A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed to you for 10c in stamps. The Sentinel Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

COUNTY IS NEAR FIRST IN STATE

Only Five Small Ones Make December Settlement Before County Auditor From Here.

OFFICIALS HIT A BALANCE

Rush County Sends \$46,900 to the State Treasurer—Distribution to Townships Next.

Rush county made its December settlement with the state today, a check for \$46,900.16 being sent to the state treasurer. This county is the first large county in the state to complete the December settlement. Deputy Auditor Bales was in Indianapolis Wednesday and the auditor of state approved his settlement sheet. Mr. Bales made the settlement for this period in record time. But five counties had reported and these were all small ones, Mr. Bales being informed that Rush county was the first big county to complete the settlement.

With the state settlement out of the way the work of distributing the amounts to the townships will now go forward. The amount of taxes collected for the fall installment was \$252,593.80 and this is the sum that is to be distributed, including the large check sent to the state treasurer today. The county will receive back about \$10,000 of the forty thousand sent as this amount will be due from the school fund.

For the second successive time the treasurer's cash book and the amounts on the auditor's duplicate balance. This is considered no small feat when the large sum of money that was handled is taken into consideration.

The \$46,900.16 sent to the state today was divided among the different funds as follows: state tax, \$7,640.71; benevolent institution fund, \$10,619.60; state debt sinking fund, \$1,592.92; state school tax, \$15,072.94; state educational institution fund, \$7,433.73; vocational education tax, \$1,062.63; common school fund interest, \$2,842.38; benevolent endowment fund interest, \$197.25; docket fees circuit court, \$138.

It is expected that the settlement with the county townships and corporations will be completed by the middle of next week. The following are the funds and the amounts to be distributed: township tax, \$8,606.41; tuition tax, \$27,429.72; special school tax, \$35,383.22; road tax, \$180.98; township poor, \$3,042.53; corporation tax, \$15,667.68; library tax, \$1,632.21; water and light, \$647.32; school purposes, \$2,553.24; agriculture and domestic science, \$730.26; city bonds, \$1,902.19; school bonds, \$17,763.67; county tax, \$25,025.34; gravel road repairs, \$12,743.58; road bonds, \$50,618.53; flood bonds, \$4,141.96; court house bonds, \$2.26; preliminary expense gravel roads, \$17.

It is interesting to note that the sum to be paid for gravel road bonds amounts to about one-fifth of the entire amount collected in taxes. The sum of \$50,000 is to be paid for gravel road bonds, bringing the total for the year well over the hundred thousand mark. Next year, it is estimated that the county will pay a total of \$125,000 on gravel road bonds.

The court house bonds have all been paid off and the sum of \$2.26 remains in this fund to be distributed. After a fund is allowed to die it always requires one or two years to get all of the money out of the fund and this accounts for the small balance.

Miss Nellie Frame is ill at her home west of the city with tonsilitis.

LEAVES FOR WASHINGTON

Senator James E. Watson Takes Seat at Opening of Short Term.

Senator James E. Watson left today for Washington, D. C., to begin his duties as the senior senator from Indiana. He will be in Washington in time for the opening of the short term of congress on December 4—next Monday. Mrs. Watson and children will remain here until after Christmas and then join Mr. Watson in Washington.

CALL TOMORROW FOR THE TREATS

George B. Moore, Jr., Clerk-Elect, Closeted in His Office Today Making The Change.

NO COURT IN CONSEQUENCE

George B. Moore, Jr., the newly elected clerk of the Rush circuit court took his office this morning but the usual ceremony of passing out cigars and apples was dispensed with until tomorrow. The reason for this was because the office was closed all day in order that the books might be checked and the transfer made by Arie M. Taylor, the retiring clerk. Mr. Moore and his deputy, Charles Brooks were at the office all day getting acquainted with the work and assisting in the work of checking the books.

The office will be open tomorrow as usual. Many callers visited the office today, but found it closed. Mr. Moore's term of office dates from today. He is the first of the newly elected officers to take office. As a result of the clerk's office being closed there was no court today.

TWO FIRE SCARES CALL OUT FIREFMEN

Overheated Hot-Air Register is Cause of Alarm at Home of Mrs. Jane Kincaid.

STORE FILLS WITH SMOKE

The fire department was called to the home of Mrs. Jane Kincaid, 918 North Morgan street last night at seven o'clock where an overheated hot-air register in the bath room caused a fire scare. The register became so hot that the dust in the register caught fire and filled the house with smoke. No damage was done and the fire department was called by telephone.

About forty-five minutes before this the attention of the fire department was called to the Cox shoe store. The store was filled with smoke but no flames was seen. William Moffett investigated and found that the dampers on a coal stove were closed and the smoke was coming out into the room.

TO FORM DRY FEDERATION

State Leaders in Indianapolis Today to Launch Movement.

(By United Press) Indianapolis, Ind., Dec. 1.—Dry workers from all parts of Indiana met here this afternoon to form the Indiana Dry Federation. The one object of the organization will be to conduct a campaign for the next legislature to pass a state-wide prohibition amendment.

It is expected that the campaign will be started at Indianapolis and will be spread throughout the state.

DEMURRAGE RISE VILLA KILLING SET FOR TODAY ALL THE CHINESE

Local Agents Expect Suspension of Order to Increase Charges on State Shipments.

IT IS NOT YET APPROVED

Interstate Commerce Commission, However, Raises Rates to Relieve the Car Shortage.

An increase in demurrage rates practically the same as one recently authorized by the railroads, as means to relieve the shortage of cars and thus, possibly, bring down the high price of coal, has been ordered by the interstate commerce commission at Washington today's dispatches say.

Eastern roads have also been instructed to move westward twenty per cent more box cars than they receive daily, which also is designed to do away with conditions that have caused cars to be so scarce.

The new demurrage rates probably will be effective within a week. The commission ordered that the new changes be put in force within three days after each railroad files with the commission its formal schedule.

The new rate is to be in force until May 1. Washington dispatches say that it is a compromise between the proposed graduated schedule in the railroad tariffs decently suspended and the rates suggested by the shippers' interests, but does not say what the charge will be.

The present demurrage charge is a dollar a day after the first 48 hours for unloading. The new interstate commerce rate, which applies only to interstate shipments, allows the usual 48 hours for unloading and charges \$1 for the third day, \$2 for the fourth day, \$3 for the fifth day and \$5 for the sixth day and every day thereafter. The rule that charges shall be suspended on days when weather prevents unloading the so-called "average agreement," by which shippers are allowed credit who unload in less than two free days, are retained.

Railroad agents here today said they expected notification any time of the establishment of the new rate on interstate shipments, but what local agents were more interested in was the proposed increase in demurrage on state shipments. They had orders to put in effect an increase today on this class of shipments, but expected a suspension of it at any time because the state public service commission has never approved the increase.

ANOTHER GREEK CRISIS ON

Flat Refusal of Allies Disarmament Demands is the Cause.

(By United Press) London, Dec. 1.—Flat refusal of Greece to the disarmament demanded by the allies today brought about a crisis in the Greek situation.

Dispatches from the Greek capital said that the allies were preparing to land troops at Piraeus, the port of Athens.

In the meantime the Greek government is preparing for active resistance, having ousted French officers detailed in charge of postoffices and telegraph stations.

GREEK RESERVES CALLED

(By United Press) Athens, Dec. 1.—King Constantine today formally advised allied representatives that Greece had determined to refuse the surrender of arms demanded by the allies. The government today called to the colors all reserves belonging to the Athens army corps.

COMBINATION FATAL AGAIN

Measles and Pneumonia Cause Death of Frances McKinney, 20 Months.

Frances Elizabeth, the twenty-months-old daughter of Mr. and Mrs. James McKinney, died this morning at five o'clock at their home, 814 North Oliver street, following an illness from measles and pneumonia. She had been ill two weeks today. Besides the parents she is survived by three sisters and two brothers. The funeral services will be conducted Sunday afternoon at one o'clock at the residence by the Rev. John Aiken and burial will take place in East Hill cemetery.

GERMANY IS READY TO PAY INDEMNITY

Formal Reply to American Inquiry in Marina Sinking Offers Reparation if at Fault.

GUILT MAY BE ADMITTED

(By ROBERT J. BENDER.)

Washington, Dec. 1.—Germany stands ready to pay indemnity for American lives lost for the toppling of the steamer *Marina*, to offer an apology and to punish the submarine commander responsible if it develops that the German submarine's action was unjust.

This offer was given today in Germany's formal reply to American inquiries during a confidential conference between Secretary Lansing and Ambassador Bernstoff.

Germany's answer said her information about the incident was incomplete and the ambassador requested that this government give Germany any further facts.

Everything about the German reply and the Bernstoff pointed toward an admission of guilt later.

JAMES HARDWICK DIES NEAR GOWDY

Long Time Resident of Orange Township Expires Today After Illness With Tuberculosis.

WIDOW AND THREE BROTHERS

James Hardwick, 61 years old, died at noon today at his home in Orange township, near Gowdy. Mr. Hardwick had been ill for a long time suffering from tuberculosis and his death had been expected. He had been a resident of Orange township for many years.

He is survived by his widow, three brothers and two half-sisters. The brothers are John Hardwick of this city, Eli Hardwick of near New Salem and George Hardwick of California. The two half-sisters are Mrs. Alfred Dillon and Mrs. Charles Willey of Orange township. The funeral arrangement have not been completed but the services will probably be conducted Sunday morning.

Army men said this would have to be done at the direction of General Pershing.

RECEIVE CONGRATULATIONS

(By United Press) Indianapolis, Ind., Dec. 1.—Congratulations poured into the state capital today for Otto L. Klausen, state auditor, and Ed Jackson, secretary of state, newly elected officials who assume office today. They are the first officials of the new state administration to take office.

A law providing for voluntary admission to state hospitals should be enacted.

The enlargement of the school for feeble minded at Ft. Wayne by the establishment of a colony in the southern part of the state on not less than 1,000 acres of land.

A law providing for commitment of patients to the school for feeble minded the same as to the village of epileptics.

There should be a mental as well as physical examination of school children and separate schools or separate rooms should be established, and that a law should be enacted providing for a commission with sufficient funds to study the entire mental defective problem in Indiana.

ONE PER CENT IS DEFECTIVE

Special Committee Appointed by Governor Ralston Reaches This Conclusion in Report.

SURVEY IN TWO COUNTIES

Only Thirty-Five One-Hundredths of One Per Cent of Total Population Supported.

(By United Press) Indianapolis, Ind., Dec. 1.—Recommending an extensive program for the care of Indiana's insane, epileptic and feeble minded, the special committee appointed by Governor Ralston to make a study of the mental defective problem in the state, today made his report.

The committee made a survey of two counties in the state and on results determined from this investigation, based conclusions and recommendations for the entire state.

The board reached the following conclusions:

At least one per cent of the general population is mentally defective.

Only 9,494 mental defectives, or thirty-five one-hundredths of one per cent of the total population are now on public support.

There are 1,300 epileptics needing institutional care, 1,000 in the community at large or in institutions not suited to their cure and 305 in the Indiana village for epileptics.

The problem of the care of the insane in Indiana has been carefully worked out in the past fifty years until now 85 per cent of the insane are cared for in state institutions.

The actual problem of the care of the feeble minded is greatest as it appears that the state is caring for but 1,350, or 20 per cent of the estimated number who need care.

Mental defectiveness is a large factor in the cause of crime, delinquency, pauperism, inefficiency and many other social ills.

Further study of the cause and prevention of mental defectiveness is imperative.

In view of these conclusions, the committee makes the following recommendations to solve the problem:

Additional provision for the care of women at the village for epileptics and enlargement of the village to 1,200 capacity and provision for larger medical facilities.

Indiana should provide at once for additional institutional accommodations for 1,000 patients now in need of hospital care. This should be done by providing psychopathic departments at each of the existing hospitals; by the erection of additional buildings and the purchase of land for farm colonies and the erection of inexpensive buildings thereon.

Detention wards should be established at general hospitals throughout the state for observation and detention pending commitment to state hospitals. No person suffering from mental disease should be placed in jail.

A law providing for voluntary admission to state hospitals should be enacted.

The enlargement of the school for feeble minded at Ft. Wayne by the establishment of a colony in the southern part of the state on not less than 1,000 acres of land.

A law providing for commitment of patients to the school for feeble minded the same as to the village of epileptics.

There should be a mental as well as physical examination of school children and separate schools or separate rooms should be established, and that a law should be enacted providing for a commission with sufficient funds to study the entire mental defective problem in Indiana.

You Can Begin With The Largest Payment First and Decrease Your Payments Each Week

THE REASONS FOR THE CLUB

To provide a way for those of moderate and even small means to bank their money.
To teach "the saving habit" to those who have never learned it.
It makes your pennies, nickels and dimes, often foolishly spent grow into dollars; dollars grow into a fortune. Start your fortune today.
To give you a Bank connection and show you how our Bank can be of service to you.

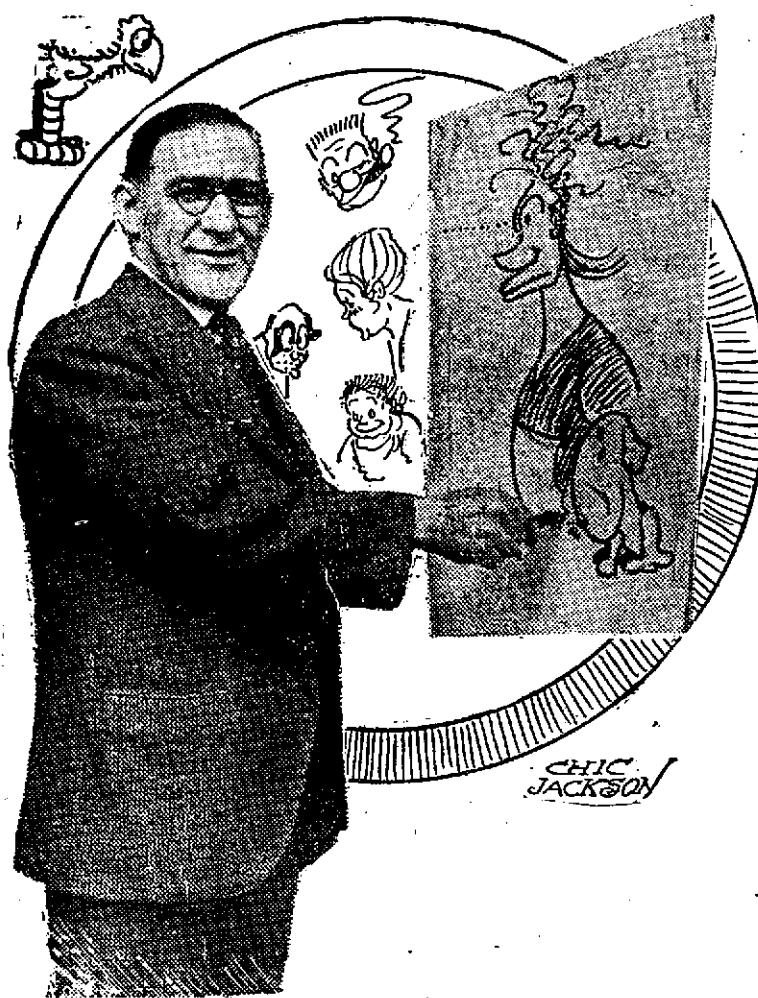

FOR OLD AND YOUNG

The sensible thing for all parents to do is to join our Christmas Banking Club and also put every member of their family into it. This will teach them the value of money and how to bank and HAVE MONEY. Maybe this little start you give them now may some day set them up in business or buy them a home. How often have you wished that your parents had taught you early the value of banking your money. You would be well-off today. Don't make the same mistake with YOUR children.

WE PAY 3 PER CENT INTEREST IN OUR CHRISTMAS BANKING CLUB

Friday, December 1, 1916.

Today and Tomorrow.

In every town and community there are two classes of young boys and possibly Rushville is no exception to the rule.

The gilded and pampered youth looks with disdain upon the boy who starts life in an humble capacity and picks up a few nickels by running errands and selling papers and polishing shoes.

Yet a few years hence the newsboy or bootblack may be the head of some great commercial enterprise, and the pampered youth may be filling a fifteen dollar a week clerkship in his employ.

The same may be said of young girls, and even of some who are not so young. Caste estranges the well-to-do from the poor and needy, and the cold shoulder is substituted for the helping hand.

Years hence, though, the needy girl may be the wife of one of the greatest men of the nation, while the girl of caste is still longing for most any kind of a man.

Too many of us preach democracy in public and practice autocracy in private life.

We tell others what to do and forget to do the same things ourselves.

We live wholly in today and forget that tomorrow will ever exist.

And for the follies of today we pay dearly in the years to come.

Honesty, integrity, perseverance—these are the real assets of life, more golden in their value than all of the caste distinctions in existence.

Young men and young women who make the most of their opportunities today never want for their heart's desires tomorrow.

Things to Worry About.

A Bartholomew county bee expert says that if you will be kind to bees they will not sting you.

The epidemic in the west of the foot and mouth disease may explain what was the matter on November 7.

The Muncie Press observes that many fellows get Christmas cheer mixed with Christmas beer.

President Wilson shouldn't have any trouble locating Villa now if he is still determined to "get" him.

HOW THIS MOTHER

Got Strength to do Her Work.

Fair Haven, Vt.—"I was so nervous and run down that I could not do my housework for my little family of three. I had doctored for nearly two years without help. One day I read about Vinol, and thanks to it, my health has been restored so I am doing all my housework once more. I am telling all, my friends, what Vinol has done for me."—Mrs. James H. Eddy.

We guarantee Vinol to create a healthy appetite, aids digestion and make pure blood. F. B. Johnson & Co., Druggists, Rushville, Ind., and at the leading drug stores in all Indiana towns.

A NATURAL PUZZLE

One of the Great Mysteries That Confound Science.

THE FORCE OF GRAVITATION.

This Wonderful Power That Keeps Suns and Planets In Their Courses May Be Waves in the Ether That Push All Bodies Toward Each Other.

The mystery of mysteries in science is the attraction of gravitation—that very force of nature that is the most familiar to us all. It seems strange that the most familiar thing in the world should be at the same time the most inexplicable, but so it is.

In order to see clearly wherein the mystery consists let us first consider what gravitation appears to be. It is gravitation that gives the property of weight to all bodies. If there were no gravitation we could float in the air. It is gravitation that brings a cannon ball eventually to the earth, no matter how swiftly it may be projected. The faster it starts the farther it will go, but during every second of its flight it drops the same distance vertically toward the earth, whether the speed imparted to it by the powder is 500 or 3,000 feet per second. Gravitation acts on a moving body exactly as well as on one at rest.

It is gravitation that curbs the motion of the moon and keeps it in an orbit of which the earth is the active focus.

So, too, it is gravitation that governs the earth in its motion around the sun, preventing it from flying away into boundless space. Astronomy shows that gravitation acts between all the planets and all the stars and controls their motions with respect to one another.

Now, this mysterious force appears to be an attraction as if there were elastic cords connecting all the bodies in space and tending to draw them together. But space, as far as our senses can detect, is empty. How, then, can there be an attraction? In order that a body may be attracted or drawn there must be something to draw it.

Gravitation does the trick, but completely hides from us the mechanism through which it acts. We can discover no mechanism at all.

When an unfortunate aeroplane drops from his machine he begins at once to fall toward the earth as if it were pulling him. But how can it pull if it has nothing to pull with? You may think at first sight that it is the air which acts as an intermediary, but that is not so, because the earth and the moon "pull" upon one another with a force equal to the strength of a steel cable 500 miles in diameter, but there is no air and no other tangible thing in the open space, 240,000 miles across, that gapes between the moon and the earth.

Then gravitation exerts the same force at every instant. No matter how fast the falling aeronaut may be descending at any moment, gravitation will keep on adding speed as if he had just started. Disregarding the slight retardation produced by the resistance of the air, he will fall sixteen feet in the first second, forty-eight feet in the second second, eighty feet in the third second, gaining thirty-two feet in his velocity during every second after the first. From a height of 10,000 feet he would fall in about twenty-five seconds and would strike with a velocity of 400 feet per second.

The same kind of calculation can be applied to the gravitation between the earth and the moon. If the moon were not in motion across the direction of the earth's "pull" it would fall to the earth in about 116 hours.

Now, to return to the mystery, how is this force exerted? Is it really a pull, as it seems to be? The answer to which science is tending is that, instead of being a pull, gravitation is a push—in other words, that the falling aeronaut is pushed toward the ground and the moon is pushed toward the earth.

On the face of it one might think that nothing was gained by this theory, because it seems an impossible that a push should be exerted without a tangible connection as a pull. But the clue is found in the supposed properties of that invisible, intangible, all pervading medium called the ether.

This, to be sure, is explaining one mystery by another, for we know nothing about the ether except that it conveys the waves of light and electricity; but, at any rate, it affords a conceivable explanation of gravitation. Garrett P. Serviss in New York Journal.

Japanese Festivals.

The Japanese festivals are easily remembered: First of first month, the new year; third of third month, feast of dolls for girls; fifth of fifth month, feast of dogs, for boys; seventh of seventh month, the day for the god and goddess of love, Tanabata; ninth of ninth month, the "escape of the mountain," the feast of chrysanthemums. The latter is not now generally observed.

TROUBLES OF 6 YEARS END

Mrs. Frank Matson, Legansport Woman, Gains Control Through Tanlac's Use.

Logansport, Ind.—When a recent discussion among women in this city drifted around to the work Tanlac is doing here, Mrs. Frank Matson, a well known Logansport woman, who lives at 1618 Toledo street, told the following story:

"For six years I have suffered with kidney trouble. I had no control over myself. I suffered pains in the region of the kidneys constantly.

"The pains in the region of the kidneys have disappeared since I started using Tanlac. I have gained control over myself and seem to be in good shape once again. However, I intend to take Tanlac for a while longer."

Hundreds of women, now suffering as Mrs. Matson did, can gain similar relief through Tanlac's use. Tanlac also is beneficial for stomach and liver trouble, catarrhal complaints, rheumatism, nervousness, loss of appetite and the like. Tanlac is now sold exclusively in Rushville, at F. E. Wolcott's drug store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's. (adv.)

Japanes Festivals.

THE DRINKING OF WATER

(By M. C. Lucas, M. D.)

The general conclusions of the kidneys strive to filter out, they latest medical scientists prove that drinking of plenty of pure water both between meals and with one's meals is beneficial to health. It has also been proven by means of the X-rays and actual tests upon many healthy young men that the drinking of water with meals is not harmful to digestion. Therefore if you want to keep healthy drink plenty of pure water (not ice water). If you ever suffer from backache, lumbago, rheumatism or any of the symptoms of kidney trouble—such as deep colored urine, sediment in urine, getting out of bed at night frequently and other troublesome effects, take a little Anuric before meals. These Anuric tablets can be obtained at almost any drug store in this country.

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with urea which the

Born to the wife of Earl Moore this morning a baby daughter, weighing 8 pounds.

Will M. McBride, former county treasurer, who has been ill for several months was removed to the sanitorium yesterday and will undergo an operation Saturday afternoon.

Mr. and Mrs. Richard Floyd entertained with a pitch-in-dinner last evening at their home in East Seventh street the following: Mr. and Mrs. Ray Williams, Mr. and Mrs. Frank Richardson, George Mitchell, Miss Daisy Williams, James Easley, Luther Ramey, Misses Nellie Morris and John Morris.

Baseball and the Marines.

Americans are literally the best bomb and grenade throwers in the world and are capable of waging wonderful trench warfare in case of hostilities, say United States marine corps officers. "The average American youth early learns to throw a baseball with speed and accuracy, and it is because of that we, as a nation, are especially fitted to wage the modern war of the trenches. Baseball is encouraged at all our stations, and the skill displayed by marines—even untrained recruits—in the bomb and grenade throwing practice is really remarkable," said a marine corps officer.

Ancient Preservation of the Dead. Herodotus gives a good description of the manner in which the early Ethiopians preserved their dead.

Having thoroughly dried the corpse, they plastered it over with a paste made of gypsum and then painted the face and exposed parts so as to make them look as natural as possible. Dead bodies served in this manner remained intact for hundreds of years.—London Globe.

Aptly Described.

"I have been courting her for two years," said the disconsolate one, "and I am certain that she will refuse me when I propose."

"Ah, that is interesting," said the amateur photographer—"a sort of undeveloped negative."—Pittsburgh Press.

Defined.

WOMAN'S PAGE

Receipts and Suggestions That Are Helpful to The Housekeepers

SOCIETY

Mr. and Mrs. James Colvin entertained at dinner last evening when their guests were Mr. and Mrs. Elmer Westfall and Miss Besie Bates. * * *

Mr. and Mrs. Albert Robinson had as dinner guests last evening, Ralph Robinson of Indianapolis, and Mrs. Nina Lewis and Charles Schaeffer of this city. * * *

Mr. and Mrs. Frank Cross entertained at their hospitable country home north of the city last evening with a six o'clock dinner for a number of friends and relatives. An elaborate dinner was served. * * *

The Ladies Aid Society of the St. Paul's M. E. church will be entertained on Tuesday afternoon by Mrs. Ned Abercrombie at her home when she will be assisted in entertaining by Mrs. Albert Winship. * * *

Mr. and Mrs. Buford Winship had as guests Thanksgiving, Mr. and Mrs. Jack Stonecipher, Mr. and

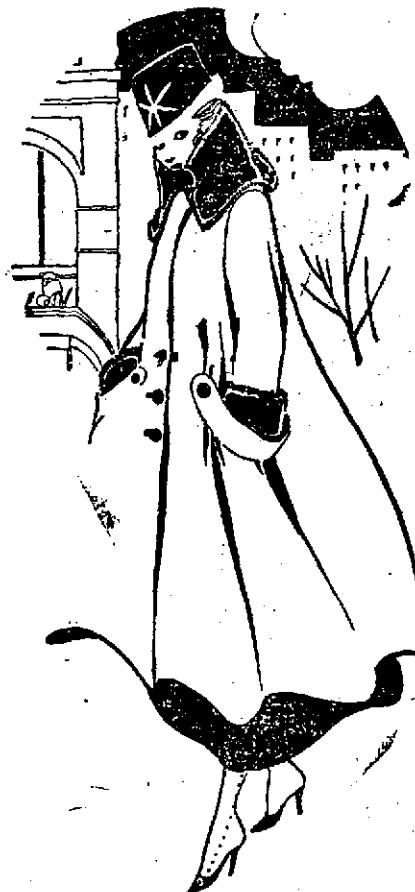

Mrs. Michael Mullins, the Misses Mayme and Sylvia Mullins, Miss Kathryn Ryan of Muncie and Ed Mullins of this city. * * *

Mr. and Mrs. Robert Hiner entertained with a family dinner yesterday when their guests were Mr. and Mrs. Louis C. Hiner and Mr. and Mrs. Allen Hiner. * * *

Ray Compton of Shelbyville entertained at dinner last evening Miss Frances McMahan, Miss Sylvia Lakin of this city and Ed Montgomery of Shelbyville. Following the dinner in Shelbyville, the young people attended the dance there. * * *

Mr. and Mrs. John Benning entertained yesterday at a Thanksgiving dinner at their pretty country home when their guests were Mr. and Mrs. Earl Readle and family, Mr. and Mrs. Norman Crum and daughter, Mr. and Mrs. Charles Benning of south of the city, Mr. and Mrs. Roscoe Benning, Cliff Benning and Harry Fields of St. Paul. * * *

YOUTH, STYLE AND COMFORT COMBINED IN WINTER COAT

Youth, plus style, plus comfort are combined in this model for a winter coat. The enveloping and graceful folds become the youthful wearer, and by its warmth and looseness, it is comfort itself. The soft roll collar of fur and the immense pockets which are apparent in garments of all kind this season, add an individual touch. Smart button shoes and a snug little hat complete the attractive figure.

Whether for a morning hike, an afternoon tea or matinee, or evening frolic, this coat answers the purpose. In most cases it will be noticed that these coats are lined with brocade soiree or heavy flowered satin.

ANITA STEWART SAYS—

(COPYRIGHT 1916-VITAGRAPH)

Assets of a Screen Star.

So many "star aspirants" have a most hazy idea of the qualities demanded in a screen player that I feel it is my duty to devote this little chat to "what's what on the screen."

Letters by the score come to my desk asking for aid in getting into the movies. The writers are generally girls who are considered talented or beautiful by their friends.

Naturally, a girl with beauty has a much easier time gaining admittance to the motion picture salary list and roster of fame than one with plain features. Nevertheless beauty alone will never get a person to the desired pinnacle. Nor do talent and beauty always win the day.

There is an indefinite something which is termed "screen personality" that is absolutely necessary. I

cannot define it for you. All I can do is ask if you have beheld some player upon the screen who, although talented and beautiful, did not appeal to you. Then again haven't you seen someone who was not so beautiful or clever with whom you fell in love immediately? The latter possessed an indefinable something—in other words, she had a personal magnetism that swayed you subtilly.

Then, too, a girl who is really most attractive in appearance in real life may photograph poorly on the screen. Perhaps her type of beauty may be too mild to reproduce under the bold scrutiny of the camera. Blondes in particular have a difficult time in registering to advantage on this screen unless their feature are decidedly characteristic; or unless their eyes are large, with the pupils of unusual proportions.

Miss Jean Richards, Miss Theresa and Miss Jennie Madden spent Thanksgiving with Mr. and Mrs. Fred Boxley. * * *

Mr. and Mrs. John T. Leisure, Mr. and Mrs. Philip Sattler, Mr. and Mrs. Bert Trowbridge and daughter, were the guests Sunday of Lewis Reddick and family. * * *

Mrs. Mary J. O'Neil had as dinner-guests yesterday at a Thanksgiving dinner, Mrs. Ed Linville of Cincinnati, Mr. and Mrs. Clyde Linville of Clarkburg, Mr. and Mrs. Frank Rogers and family of this city, and James Bohannon of Sexton. * * *

Mr. and Mrs. J. H. Stevens gave a Thanksgiving dinner yesterday when they entertained Mr. and Mrs. Leo Thompson of Connersville, Mr. and Mrs. Jesse Carpenter, and Mr. and Mrs. Wilbur Stevens and daughter Kathryn Maude, of this city. * * *

Eight girl friends were the guests of Miss Kathryn Guffin last evening when she gave a slumber party at her home in North Harrison street. A theatre party preceded the slumber party and this morning a prettily appointed breakfast was served to the guests. * * *

Mrs. Carter entertained with a family dinner at her home yesterday when her guests were Charles Carter of Anderson, Mr. and Mrs. Lotte Carter, Mr. and Mrs. Harry Wyatt and son, George C., Mrs. Coombs and son, Eugene, of Glenwood, Will Carter and Virginia Carter. * * *

A pitch-in Thanksgiving dinner was held at the home of Mrs. Jane Kincaid in North Morgan street yesterday when the guests included Mrs. Susan McColgin, William Sexton, Miss Susan Lewis, Miss Celia Metzler, Mr. and Mrs. Claude Carmichael, Miss Florence Conner of Muncie and Mrs. Quirk of Indianapolis. * * *

At the home of Mr. and Mrs. Louis Lambert, a number of friends had a pitch-in dinner last evening in celebration of the day. The members of the congenial company included Mr. and Mrs. John A. Titsworth, Mr. and Mrs. Orville Zimmer, Prof. and Mrs. S. F. Stewart, Mr. and Mrs. Harry McMillin and Mr. and Mrs. G. P. McCarty. * * *

Mr. and Mrs. A. P. Hinchman entertained at dinner yesterday at their home in North Main street when their guests were Mr. and Mrs. Alvan Moor and Mr. and Mrs. T. W. Lytle. * * *

Mr. and Mrs. Francis Moor entertained at dinner yesterday at their home in North Main street when their guests were Mr. and Mrs. Alvan Moor and Mr. and Mrs. T. W. Lytle. * * *

Mr. and Mrs. John A. Jones had a Thanksgiving dinner yesterday when their guests were Mr. and Mrs. W. A. Caldwell, Miss Helen Caldwell, Mrs. Fannie Harrison, and Mr. and Mrs. Orval Herkless and Mr. and Mrs. Fred Caldwell. * * *

Mr. and Mrs. Charles Osman entertained with a Thanksgiving dinner yesterday at their home in West First street the following guests:

Mr. and Mrs. J. M. Higgins and family, Mr. and Mrs. Harve Cowing and family and Mrs. A. H. England and daughter, Miss Ruth, of Newcastle. * * *

The Tri Kappa Charity dance given last evening was a success both socially and financially. The fifty couples attending entered quickly into the informality of the party, for which lively music was played by Sherman's three piece orchestra of this city. Gayety reigned throughout the evening for the dancers. The members of the sorority cleared \$28 which will go toward the Christmas fund. Among the dancers there were a number of returned college students and out-of-town visitors. Among the latter were the Misses Clarabell and Ethel Moore, Mr. and Mrs. Lash all of Indianapolis, Paul Guffin of Gary, Earl Porter of Shelbyville, the Misses Dorothy and Josephine Jackson of Anderson, Frank and Hal Stewart of Connersville, the Misses Kathryn Harcock and Ada Cordes of Seymour, Miss Harriet Clark of Garrett, and Luella Smith of Indiana, Chase, Casady of Indianapolis, Mr. and Mrs. Cyrus Green of Marion, Horace Wagner of Shelbyville, Miss Florence Jackson of Anderson, and Lewis Frase of Montana.

The Mauzy Co.

Monday, December 4

Mr. L. D. Holland of The Annis Fur Co., will be at this store all day Monday, December 4th, and if you are needing anything in furs it will be a splendid time to make your purchase.

Any furs you may select will be delivered to you at once.

Household Hints

Now that winter is here and we are eating more meat, relishes taste particularly good. Several good appetizers follow.

Cucumber Ketchup—Pare very thin six large cucumbers, grate or chop fine; add scant tablespoonful salt and let drain in a colander about an hour. Add two small onions on a large one chopped fine, a teaspoonful of white pepper and a pint of vinegar; stir all the ingredients together well and seal the ketchup in bottles or jars. Let it stand at least a month before using it.

Cold Chilled Souce—A crate of ripe tomatoes, six onions, two green peppers, two bunches of celery and two large roots of horseradish. Chop fine the tomatoes, onions, peppers and celery and drain in thin muslin bag overnight. The next morning boil and can the juice for soup. Put the chopped ingredients into a stone jar, add the horseradish roots grated, one-half a cupful of black and white mustard seed mixed, a cupful of sugar, one-half cupful of salt, a tablespoonful of cinnamon and a quart of vinegar. Mix well and keep cold.

Quite different was the last program of the Culture Club of Columbus when the members heard a paper on "Early Dynasties" and another on "Manners and Customs." Responses to the roll call were given by naming an ancient city.

Perhaps no town of its size has more worthwhile and interesting clubs than Rushville. For this reason the "doings" of the club women in the surrounding places are of interest as a matter of news and from a comparative standpoint.

Good programs have featured the meetings of the Evening Civic Circle of Greensburg. At their last gathering, they discussed the "Centennial." The subject was divided into four parts: "Indiana's March Forward;" "Citizenship, Then and Now;" "Progress, since Indiana was Admitted as a State;" and "Woman's part in the Growth of Indiana."

"Ida Tarbell and Her Work" were discussed at the last meeting of the Progressive Literary Club of Richmond, when the members heard, too, a talk by one of their members on her experience in South America during her recent trip there.

The Federation of Women's Clubs of Richmond are directing a centennial ball to be given there soon, the proceeds from which are to go toward some philanthropic work.

"Schubert" was the subject for the Matinee Musical program at Kokomo this week, when a sketch of his life was read and compositions by him played and sung.

Women Give Out

Housework is hard enough when healthy. Every Rushville woman who is having backache, blue and nervous spells, dizzy headaches and kidney or bladder troubles, should be glad to heed this Rushville woman's experience:

Mrs. Joseph S. Endicott, 125 South Harrison street, Rushville, says: "Sometimes I overdo at my housework and take cold and it is at just such occasions as this, that I have trouble with my back. Once the doctor pronounced it an attack of lumhago. My back became so lame that I was miserable and everything in the way of work wore me out. When stooping, sharp catches seized me across the small of my back. Doan's Kidney Pills, which I got at Lytle's Drug Store never failed to cure me of these spells."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Endicott uses. Foster-Milburn Co., Props, Buffalo, N. Y. (Adv.)

CUB BOSS STOOD UP FOR TINKER

Charles Weegham Prevented Jack Hendricks From Landing Job With Chicago.

TRUE STORY BROUGHT OUT

Directors Favor Change But Things Went Different When Weegham Threatened.

BY HAMILTON.

(U. P. Staff Correspondent)
New York, Dec. 1.—Chicagoans came close, mighty close to having the energies of their two major league clubs directed by men from the minors without previous major league managerial or playing experience.

It was Charlie Weegham, boss of the Cub's who saved the day. His firm stand against the wishes of some of the other directors prevented the appointment of Jack Hendricks to Tinker's job last month.

Clarence "Pants" Rowland, manager of the White Sox was formerly a luminary of the Three I League and jumped to the Sox management without serving a player's apprenticeship in topnotch company. When Hendricks was in New York a short time ago he told the United Press that he had been offered the helm job by several directors of the National Leaguers, but was unable to take it because Weegham had declared that if Tinker left the Cubs he would leave too. Weegham, according to Hendricks, was considerably strong for Tinker, due to the fact that the latter's leap to the Feds contributed more than any one agency to putting the erstwhile outlaws on their feet. Consequently, Weegham says, Tinker will have that job as long as he is president of the Cubs.

Inasmuch as Weegham owns a preponderance of the stock and generally does about as he pleases, there is little likelihood right now that an alien voice will command the Cubs next spring. The directors are said to be still mighty strong for a change of affairs and an effort recently was made to get Jimmy Callahan. When that fell through some of the directors went after Hendricks.

Hendricks has been remarkably successful in the minors. He has been with James C. McGill, owner of the Indianapolis club, for a number of years, first getting away in mighty fine style as helmsman for the Denver league club, where he won three pennants. When McGill purchased the Indianapolis club Hendricks went along.

McGill always has contended that Hendricks is a major league manager and has been eager for Jack to land that kind of a job. When he heard that the Cubs were trying to take Hendricks away he made every effort to help Jack put the deal over.

Recent happenings, however, indicate that Hendricks is stuck in the minors for at least one more year.

Turpo is good for many things besides loosening coughs and breaking colds. Try it for headaches, neuralgia, pains and lameness. The turpentine penetrates. The menthol and camphor cool and soothe.

Try it also for cuts, burns, bruises, sprains and sores. Turpo is good for so many things that the prudent housewife keeps it always on hand. 25c, 50c, \$1.00 at your Druggist's.

OPEN GAME IS MAKING STARS

Small Men of the Game Come to Front Rapidly as Result of New Style Play

EDDIE CASEY IS EXAMPLE

Fans Now Like The New Game—It Helps the Weaker Teams and Balances Teams.

(By United Press)

New York, Dec. 1.—Just as brilliant as some of their most famous predecessors, with records that show even more for a season's performance, and with whole bones and necks, several of our country's best young men are basking in the calcium glimmer of football's most powerful searchlights. And, for the most part, they owe their prominence to the fact that modern football, involving open formations and fast forward passing, has made it possible for the small man to match his prowess with that of the slow-moving but powerful behemoth so essential in the old style of play.

Just one instance of this sort of glory is apparent in the work of Eddie Casey, Harvard's brilliant young backfield general. He is a slight man, yet he is able to drive through trained forward center rush lines or skirt ends with the best of the heavy line smasher. His lack of weight is but little handicap because the open formations make it possible for him to push his wriggling, twisting body through the holes opened for him by the interference.

Every slight football player may not be a Casey. More often than not works the other way, but—if Casey were playing the old-style game he would not be a star because his poundage handicap would not let him. He would be unequal to the task of withstanding the crushing pounds that would be flung at him in heavy mass plays.

Elmer Oliphant is another player who has been helped to prominence by the new rules. Persons who never saw Oliphant have a football through the air cannot understand how remarkable is the accuracy and force of his passing. Most of his great efforts this year would have gone for naught had it not been possible for him to engineer big gains by the use of the aerial movement. He is a heavy line plunger and a fast running, heady back. But he has failed at times just the same as the others. His forward passing, helped by the great work of Vidal, however, has pulled the Army over many a rough spot in the road.

McGill always has contended that Hendricks is a major league manager and has been eager for Jack to land that kind of a job. When he heard that the Cubs were trying to take Hendricks away he made every effort to help Jack put the deal over.

Recent happenings, however, indicate that Hendricks is stuck in the minors for at least one more year.

INDIANA TREES FREE FROM RUST

State Officials Say White Pine Blister Rust is Not Prevalent in the State.

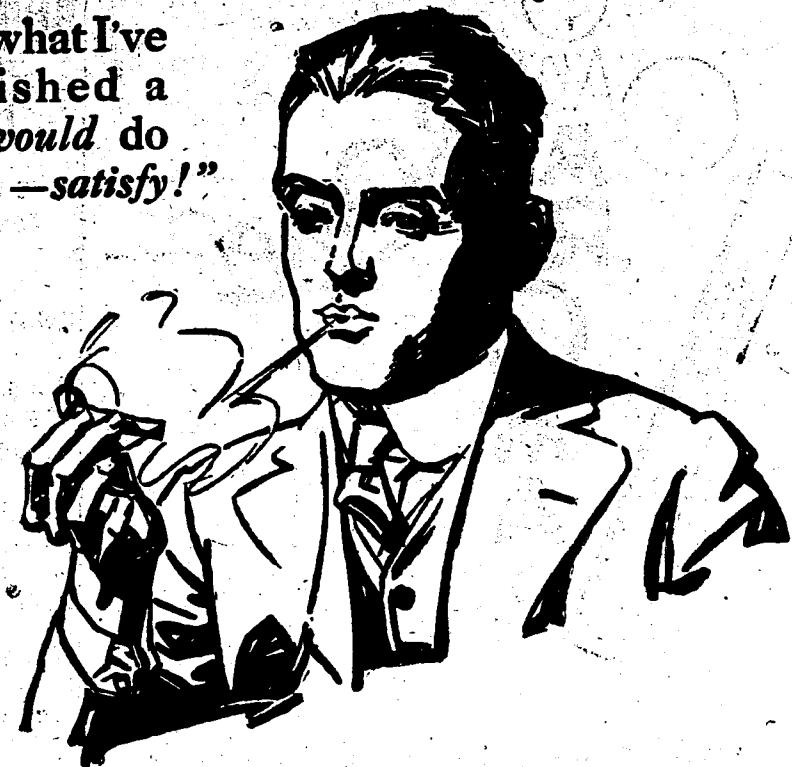

OTHER STATES HARD HIT

(By United Press)
Indianapolis, Dec. 1.—Indiana trees are entirely free from white pine blister rust, a disease which is attacking trees of nearly every other state, according to state officials. Other states are spending thousands of dollars in trying to eradicate the disease while Indiana can sit back and watch the first.

Great credit has been given Frank N. Wallace, state entomologist, who succeeded in keeping the disease out of the state. The only time that the rust ever threatened to get a hold in Indiana was eight years ago. It appeared in only one place but prompt action was taken by the entomologist's department and it was stamped out.

Shelbyville, Ind., Dec. 1.—Celebrating their fiftieth wedding anniversary, Mr. and Mrs. John Bright again went through the wedding ceremony with Squire Pleak who performed the ceremony a half a century ago again officiating.

"That's just what I've always wished a cigarette would do
—satisfy!"

The feature of Chesterfields is that they begin where other cigarettes leave off.

In other words, besides pleasing the taste, Chesterfields go further—they satisfy! Just like a long drink of cold water satisfies when you're thirsty.

And yet, Chesterfields are MILD!

It's Chesterfields or nothing if you want this new cigarette delight, because no cigarette maker can copy the *Chesterfield blend*—an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

ADmits VALUE EXPORT TRADE

Dr. E. E. Pratt of Department of Commerce Makes a Statement Out at Omaha, Neb.

WHAT DIFFERENCE IT MAKES

It Represents What Stands Between Prosperity and Stagnation—Admitted Late in the Day.

Washington, Dec. 1.—The Republican Publicity Association, through its president, Jonathan Bourne, Jr., today gave out the following statement at its Washington headquarters:

"No more important economic truth was ever uttered than the statement made on November 21 at Omaha by Dr. E. E. Pratt, of the Department of Commerce, when he said that 'out here in the grain country you know now what export trade can do for prices,' and that, through our foreign trade is only 5 to 10 per cent of our total business, yet 'it is a mighty important part and often means the difference between prosperity and stagnation.'

"It is a belated admission of what the Republicans have contended for months—that our present prosperity is based upon our war-order exports, and that without that export trade we would be in the same depression that existed before the war began.

"Our exports trade certainly means the difference between prosperity and stagnation. In the ten months the present Democratic tariff law was in effect before the war began our exports balance was \$261,000,000 less than for the corresponding 10 months in the year previous. In that 10 months of free trade we were in a period of stagnation as compared with ten months of prosperity in the year before.

"Not only in the grain country, but all over the country, we now know what export trade can do for prices. We know what it can do for employment and for wages. But all through the recent political campaign the Department of Commerce neglected our war-order business and the Democratic campaign managers claimed credit to the Democratic administration for the present prosperity.

"Pitless publicity that waits upon partisan politics is pernicious."

VILLA DISPLAYS MILITARY GENIUS

Worked Trick That Placed His Own Men as Guards of Town and Made Entrances Easy.

MAKES GOOD USE OF CATTLE

Ciudad Juarez, Mex., Dec. 1.—Another instance of the uncanny military genius and trickery of Villa that has gained for him the name "the fox of the Sierras" is being told here today by refugees from the south.

On the night of his attack upon Chihuahua he utilized a bold trick to enable his men to enter the city undetected. Learning through spies that thousands of reinforcements had arrived from Monterrey and had been put upon guard duty, he evolved this strategem. When he arrived in the outskirts he sent forward small details of his own men with instructions to relieve the Carrancistas on outpost duty. They marched up, gave his password and an officer informed the guard he had been detailed to relieve them. Deluded into the belief newcomers were members of the garrison, the outposts marched away, leaving Villa's own men to "guard" the town.

It was Villa who first put into practice the idea of driving herds of cattle over ground believed to be planted with mines. Since it was discovered by commanders in the Mexican war, he dispensed herds of cattle as living barricades when attacking entrenched positions. His men would drive hundreds of cattle up before the entrenched enemy as cover.

CEREMONY WILL BE VERY SIMPLE

Lovers of Pomp and Show Will be Disappointed at Inauguration of Goodrich.

EVEN SPEECH IS TO BE SHORT

Likely That he Will Revive Custom of Having a Military Staff—Members Get No Pay.

(By United Press.) Indianapolis, Ind., Dec. 1.—Lovers of pomp and show in traditional ceremonies in the Hoosier capital will be disappointed when Gov.-elect Goodrich takes office as chief executive according to indications.

The governor-elect first upset precedent and tradition when he announced that he would not live in the executive mansion, provided at a great deal of cost and work. He and Mrs. Goodrich spent several days in search for a house of their own.

That the inaugural ceremonies will be as simple as it is possible to make them is certain. Goodrich will not deliver a long formal address but will make a short five minute talk, outlining, in a very general way, some of the things which he hopes to accomplish. Later he will go into his plans in great detail in his message to the state legislature.

One thing the newly elected governor may do and that is appoint a military staff. Indiana's executives have not had a staff since Governor Durbin was in office. The members of such a staff would serve without pay and would not have many duties except to parade on public occasions.

Many of Goodrich's friends have asked him to form such a staff and he has indicated that he will.

KICKED ON PRICE.

Terre Haute, Ind., Dec. 1.—James Horning, of the opinion that 20 cents is entirely too much money to pay for an oyster stew. When a waiter tried to charge him that amount a fight started which resulted in the waiter being hauled before the judge on a charge of assault and battery.

THE RUSH COUNTY FARMERS

Live Stock Insurance Company

To be run on same plan as the Rush County Farmers Fire Insurance Company, losses pro-rated and assessment made.

Insure your horses, mules, cattle against death from any cause except fire and lightning.

It will be solely a company of you Rush county farmers run exclusively by and organized by you on day of organization as everything proposed that day must meet with your approval by a majority before it can become part of the by-laws.

It will come as near being insurance at cost as it is possible to make it, as you will only pay for the actual loss plus the light expense of running the business affairs of the company.

Why can't this organization be just as much of a success as the Farmers Fire, the different telephone exchanges throughout the country?

In fact, there never has been a co-operative organization of the Rush county farmers but what has made a success and there is a reason—they are on the square.

You will note that application membership blank coupon is brief and the reason is that we are merely suggesting to you and soliciting your membership, because on February 1st, 1917, the day of organization you have a voice as to all the details of the by-laws and rules under which the company shall be run.

You will note in application for membership coupon the charter membership fee is \$3.00. It will no doubt be \$5.00 after the company is organized same as Rush county Fire Insurance Company fee, so get in as charter, and in Township

years to come you can say I am a charter member.

Clip out application for membership coupon and mail to L. R. Webb, Rushville, R. R. 3 and he will immediately notify you that your membership has been accepted. We already have quite a big membership subscribed and hope you will lend a helping hand in making this one of the big organizations of Rush county.

L. R. WEBB,

GLEN MILLER,

Organizer.

In filling in blank for the amount of insurance desired for first year will say the average farmer is taking about \$500.00.

Application for Membership

I hereby apply for charter membership in the Rush County Farmers Live Stock Insurance Company of Rush County, Indiana, for which I agree to pay on or before Thursday, February 1, 1917, the sum of \$3.00 to Glen Miller, at which time he agrees to organize the Rush County Farmers Live Stock Insurance Company, which sum shall be used by him to pay the costs of incorporating and organizing said company.

Nothing to be insured but horses and cattle. Anything insured in other companies, the loss shall be pro-rated between this and other or others. To be run on same plan as Rush County Farmers Fire Insurance Company. Losses pro-rated and assessment made.

It is agreed that meeting shall be held on said first day of February, 1917, at which time said charter members shall organize by the election of officers for the ensuing year, and adopt by-laws.

I further agree to carry insurance in

said company for the first year after its organization.

CARRYING THE DESERT
ACROSS THE WATER.

(By United Press.)

St. Paul, Minn., Dec. 1.—Two hundred and fifty St. Paul Masonic Shriners left today for Panama, to initiate 200 men into Osman Temple. A special train stopping at Chicago, Terre Haute, Memphis, Nashville, Montgomery and New Orleans for entertainment and inspiration, will carry the guardians of the sandy desert to a special boat at New Orleans. There a vast delegation will join the St. Paul Shrine, for the trip to Panama.

MANY INTELLIGENT
YET ARE STARVING.

BY DR. SAMUEL G. DIXON.
Pennsylvania Health Commissioner.

We have many among us who believe themselves intelligent, and yet are starving to death.

The human body represents the most complicated piece of machinery known to man. To maintain it we must supply it with albumin found in meats, beans and some of the other vegetables. It must have starch or sugar found in bread, potatoes and sweets. We must have fats also, found in meats, nuts and so on, and of course, pre-eminently in butter and good milk.

The body also demands certain salts such as are found in many of the vegetables if they are not robbed of them by being soaked in water before or during the process of soaking.

These constituents parts of the diet must be intelligently proportioned.

We must urge our educators to teach children of understandable age the scheme of selecting a rational combination of foodstuffs.

At present we want all-around family physicians whom mothers can consult as to how to feed their flock including the grown-ups of the household as well as the small children.

Garrett—Dr. J. A. Cleverger mayor of Garrett, has purchased \$50 worth of anti-toxin from the Rockefeller institute to be used in fighting the diphtheria epidemic. The anti-toxin will be sold to poor people at cost.

Vincennes, Ind., Dec. 1.—Thomas Clapp, a farmer, sold a turkey gobbler for \$8.66. The turkey weighed 38½ pounds and brought 22½ cents a pound.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

"HYGENO" Steel Carpet
Sweepers, Worth \$3.00, each

98c

A Splendid Christmas Gift

You will be sure to admit that this is a wonderful bargain. You will wonder how it is possible to secure such splendid sweepers to sell at such a low price. It is merely another demonstration to give our patrons the advantage of every special purchase we make, having secured 100 of these sweepers from one of the largest manufacturers in the country at an exceedingly low price as a big special sale feature offering, \$3.00 won't buy a better sweeper. Made of steel; light in weight, but very strong—a sanitary sweeper which harbors no germs. Far superior in every way to the old fashioned wooden sweeper with its germ collecting attributes. The HYGENO sweepers are handsome, having beautiful mahogany baked enamel finish and nickel trimmings.

DON'T FAIL TO SEE THEM ON DISPLAY IN OUR WINDOW.

THE MAUZY CO.

HOOSIER BRIEFS.

Warsaw—Club women of this city have formed a federation of Women's Clubs.

Columbia City.—Two cows drinking from a creek near this city sank into quicksand and were drowned.

South Bend—With the public schools as the agent, the Manufacturers bureau of the Chamber of Commerce has inaugurated a plan to Americanize foreigners by sending them to night schools.

Evansville—Women outnumber the men eight to one in the gymnasium classes held at the High School here. The meetings are held at night and the women show more interest in the work than do the men.

Washington—As a step forward in providing better working conditions for the men, the Baltimore and Ohio railroad has started a system of establishing gymnasiums for its employees and it is probable that one will be established here. Also the employees will have a chance to demonstrate their ability in a contest in which the men will tell the best methods of prevention of accidents.

Crawfordsville—Whether a streak down a person's spine is indicative of negro descent will be decided by Judge West, when he hands down a decision in the divorce case of Austin Wert against his wife. Wert declares that his wife has a streak down her spine, showing that she is of negro blood. He asks a divorce on the ground that he married her not knowing of her ancestry.

Huntington—Should an individual agree to state that they should not ask for higher wages within a year be presented to the employees of the Chicago and Erie railroad they would not sign it, in the opinion of leaders of the employees. The request for such an agreement originated in the office of President Underwood and some of the men have refused to sign it.

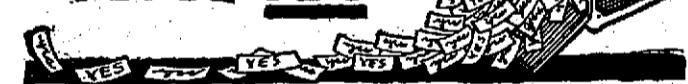

Hartford City—Clarence Bowser, rural mail carrier, was a rooster whose habits resembled those of a lion, doing just much as the royal birds—a rabbit near the house of

We put it up to
Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhœa, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis.

And They
Voted Yes

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including paraffin and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulations to you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know, why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhœa and decay.

A copy of the folder, "The Most General Disease in the World," together with a liberal trial size tube of SENRECO will be mailed to you for 25c postage. The Sentinel Remedies Co., Inc., Dept. B, Masonic Temple, Cincinnati, Ohio.
